

Pretends Suicide and Goes to Hospital

SAN FRANCISCO, May 12.—"Good-by to you, and to this cruel world. I am done. Say so to the bunch for me." Miss Louise Taylor, who lives at Rio Hotel, 674 Sacramento street, gave this parting salutation to Robert G. Baird, the night clerk, at 3 o'clock this morning. Baird had surprised her washing her hands with lye and seeing his look of wonderment, the girl lapsed into a faint. She was taken to the hospital by way of a josh. Baird sent for the Harbor ambulance, and carrying the "she through, Miss Taylor went to the hospital with it. As the stomach pump was being prepared she admitted that she had not taken poison and after the police had made an investigation she was allowed to go home.

"Stage" Desperado Rebs. Store of \$100

SAN FRANCISCO, May 12.—Disguised much after the fashion of a stage desperado, an armed robber last night entered the haberdashery of Milton Ellis, 7 Stockton street, held up the proprietor who was alone in the store, and made off with the contents of the cash register.

The man wore a wig and a false mustache. He walked into the haberdashery shortly before 10 o'clock, ordered Ellis to open the register and, when his command was obeyed, seized between \$50 and \$100. He then took Ellis' keys, backed out of the store and pretended to lock the front door. Ellis telephoned to the police and Detective Antonio Schoenba was assigned to the case.

"TIZ" FOR TIRED, PUFFED-UP FEET

Instant Relief for Sore, Aching, Tender, Calloused Feet and Corns.

"Pull, Johnny, Pull!"

You're footsick! Your feet feel tired, puffed up, chafed, aching, swollen and they need "Tiz." "Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, callouses and bunions. "Tiz" is the grandest foot-gladdener the world has ever known.

Get a 25-cent box of "Tiz" at any drug store and foot torture for a whole year. Never have "tired, aching, sweaty, swollen feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.—Advertisement.

Verdict of Jury in Case of Fosdick Is Declared Unfair.

CASE HAD RIGHT OF WAY.

"The operating room would have been at Dr. Musser's disposal for the asking. He did not ask. We did not want the money. In emergency cases there is never any question of money first or assurance that the bill will be paid. The emergency case has the right of way instantly."

"Dr. Musser is trying to relieve himself and the casualty company of the responsibility in this case. It is trying to blame the hospital to save the insurance company."

"But it was not until 5 o'clock in the evening that Dr. Musser asked to use the operating room. It was immediately granted to him, but the patient died on the operating table."

"They call this a charitable institution, but they want the money in advance," said Dr. Musser. "I pleaded for the use of the X-ray apparatus but they would not let us have it until they received assurance as to who would pay the bill. Barnes and Miss Fosdick, the daughter of the patient, and I were present when Mrs. Dockery refused and told us we must determine definitely who was to pay the bill. Barnes and I had \$25 and we offered this, but it was not enough. What was the use of the operating room if we could not have the X-ray taken?"

Dr. E. V. Tiffany, the autopsy surgeon, testified that Fosdick might have had a "slight chance" to live if he had been operated upon immediately he was brought into the hospital.

Underground River May Yield Water

RENO, May 12.—As the result of underground water experiments and investigations by the University of Nevada, several thousand dollars are to be spent in experiments under the direction of the university engineers and F. I. Bixey, federal expert, now working with the university in the famous Amargosa desert, in Death valley.

The engineers plan to get their water supply from the Amargosa river, which goes underground for a distance of forty miles through this desert. If the plan succeeds, the death trap of the Panamint will become a garden.

Trained Nurse Used Duffy's And Yeast For Diabetes

Some months ago, Van Norden, the celebrated specialist, started his colleagues with the statement that he had successfully treated Diabetes cases with whiskey. As an absolutely pure medicinal whiskey, Duffy's Pure Malt could have made use of such an authoritative statement, but declined for lack of proof. Here, though, is real proof recently received from a nurse who in years of actual practice has found the use of Duffy's Pure Malt Whiskey of immediate benefit in the dread disease, diabetes, and we quote it for what it is worth to the afflicted:

"I have been a nurse, but now retired. I have always taken Duffy's Pure Malt Whiskey when run down by overwork, and in Diabetes have recommended it to everyone, and with the aid of it and Yeast from the brewery, Duffy's Pure Malt Whiskey has cured Diabetes. Of course, all sugar and sweet things are out of the diet."—Ellen Reid, 189 100th St., New York City.

Duffy's Pure Malt Whiskey

Is an absolutely pure tonic-stimulant, made for medicinal purposes only. No claims are ever put forth for it which have not been proved in actual practice, and unprejudiced physicians never hesitate to recommend this valuable remedy to those whose systems need building up, for Duffy's is a most excellent and invigorating tonic. A tablespoon of Duffy's in equal amounts of water or milk before meals and on retiring benefits the digestion and assists assimilation.

"Get Duffy's and Keep Well!"

Sold in Sealed Bottles Only. Beware of Imitations.

NOTE Get Duffy's from your local druggist, grocer or dealer. \$1.00 per bottle. If you cannot supply you, write us. Send for useful household booklet free.

Is the Sale Price of a New Lot of Corduroy Coats

About 200 of them and such Coats they are for the money! As a matter of fact every model has been shown previously at a much higher price. You will appreciate the reduction when you see the coats—perhaps you will remember having seen some of them offered at the original prices.

Some are made of the wide wale corduroy, some in the fine rib and others in the new Shagley cloth. All of them jaunty sport models—the most popular style idea that has been advanced in years. Various belted effects, plain pockets, patch pockets and slash pockets; some collars plain, others novelty cut.

SPECIAL Corset Features

We have just received a new supply of Corsets which was purchased before the recent advance or more properly, advance—in prices.

This means that you have no price or value worries at least until this stock is exhausted.

79c

This low price on several styles for slight and medium figures. It is an unusually low price on corsets and you will be surprised at the values.

\$1.00

This is a popular price in corsets and we think this model in corset very unusual. Medium bust and hip effect, embroidery trimming and two extra riveted hooks and eyes on front of the skirt are features. Sizes 20 to 26.

\$1.50

This is the price we have put on a new model in fancy figured coutil. Designed for average figures. The long hip effect, graceful lines and embroidery trimming deserve special mention.

\$2.50

Two lines at this price: Models for medium and stout figures with graduated clasp and special boning designed to prevent the undesirable stout appearance.

Flesh-colored corsets in dotted stripe twill with medium bust, long hip and graduated clasps. Trimmed with pink embroidery.

Is the Sale Price on Scores of Exclusive Pattern Hats

Most of them formerly sold at double the sale price or more! We have made great price reductions in order to make this \$5.00 Sale the sensation of the season.

As there are no two alike, it is quite impossible for us to give details. The major part of them are New York creations, designed by real artists and trimmed by experts.

It is hardly necessary to urge you to come early. You know the advisability of prompt action in cases of this kind. Second Floor.

GERMAN BLOWS AT VERDUN REPULSED

PARIS, May 12.—Two heavy German attacks aiming at recapture of Wednesday's French gains on the western slope of Dead Man's Hill have been repulsed, the war office announced today. Near Avocourt, wood and in the regions of Douaumont and Vaux there was heavy cannonading all night, but the infantry kept in their trenches.

It was officially denied that the French had once contemplated retreating from the northeast of Verdun. On the contrary, said the command, "February twenty-third, two days after the battle opened, General de Cury ordered every point on the right bank of the Meuse held at all costs."

"On the evening of the twenty-fourth General Joffre ordered the commanders to 'hold the front between Meuse and Woëvre with every means at your command.'"

"On the evening of the twenty-fifth General Joffre, sending General Petain to take command, reiterated: 'I ordered the right bank of the river to Verdun held. Every commander who orders a retreat will be court-martialed.'"

Riggs Bank Case

Is Read to Jury

WASHINGTON, May 12.—Secretary McAdoo's answer to the suit of the Riggs National Bank for an injunction to restrain him and Comptroller Williams from an alleged conspiracy to wreck the bank, was read to the jury today by government counsel in the perjury trial of three officers of the bank.

Counsel for the bank secured a subpoena directing Comptroller Williams to produce the report on examinations of the bank in 1906 and 1913, which they said would show that the government knew the officers of the bank conducted stock transactions not for the bank, but for the depositors. An affidavit of the three officers, declaring the bank did not engage in stock transactions is the basis for the perjury indictment.

POLITICAL NEWS

Many to Accompany G. O. P. Delegation

Arrangements are under way for the Republican delegation's trip to the national convention at Chicago. The executive committee, of which J. O. Hayes of San Jose is chairman, is preparing for the accommodation of those who desire to make the trip with the delegation. It has been estimated that the company, including the delegates and their alternates, will number not fewer than 100 persons on the special train. It was reported that the train will consist of new coaches of the latest construction. Others are expected to attend from California by way of the regular service.

Tentative plans include the maintenance of headquarters in Chicago, which will be the center of California hospitality. The committee will also secure accommodations there during the convention for the delegates, and alternates.

Women's Party to Convene in Theater

CHICAGO, May 12.—The women's party convention, to be held here simultaneously with the national Republican convention in June, will be held in the Blackstone theater, it was announced today. A pre-convention ceremony dedicating the women's party will be held June 4 at the entrance to Lincoln park, with the St. Gaudens's Lincoln statue as a background.

Moose Will Open Chicago Quarters

CHICAGO, May 12.—Progressive headquarters will be opened here Monday, it was announced today, with F. P. Corrick, state chairman of Nebraska, in charge. Mrs. Kellogg Fairbanks, in charge of entertainment, is making arrangements for the social care of the delegates and visitors to the national convention.

AGREE ON BILL

WASHINGTON, May 12.—The mineral land leasing bill has been agreed upon in the Senate as the next general legislative measure to be considered when the river and harbor bill can be disposed of.

ROOSEVELT LEAGUE

APPROVED BY T. R.

OYSTER BAY, N. Y., May 12.—In a letter to Guy Emerson, national secretary of the Roosevelt Non-Partisan League, given out here last night, Colonel Theodore Roosevelt endorsed the work of that organization and referred to his candidacy, which is one of the objects of the league. The letter was written in response to a request for a statement with regard to the work of the league.

"As you know," Roosevelt said in his letter, "I have refused to endorse the use of my name in the primaries or in any way to enter any factional contest with has for its object my nomination in Chicago in June. You also know that I have emphatically stated that it would be unwise to nominate me unless with the full understanding that such nomination means the hearty endorsement of the principles for which I stand—the principles set forth in the Chicago speech (delivered April 29) to which you refer."

Further on in his letter Roosevelt said: "Your league emphasizes its devotion to those principles and supports me only as representing those principles. This is emphatically the proper attitude to take, and because this is your attitude and because you are working in this spirit, I very earnestly approve your work. The safety of this country depends upon our immediate, serious and vigorous effort to secure our own national rehabilitation. The awakening patriotism of our people must be awakened and translated into concrete and efficient action. The awakening must be to a sense of national and international duty and responsibility."

Maryland Dems. Instruct Delegation

BALTIMORE, May 12.—The Democratic state convention here today lauded the administration of President Wilson and instructed the Maryland delegation to the national convention at St. Louis to vote as a unit for his re-nomination.

The nomination of Congressman David J. Lewis for the United States senatorship was affirmed; thirty-two delegates to the national convention, with half a vote each, were chosen and the presidential electors were named.

The following are the delegates at large: United States Senators John Walter Smith and Blair Lee, Governor E. C. Harling, State Attorney General Albert C. Ritchie, William Cabell Bruce, Congressman J. P. C. Talbot, Jere H. Wheelwright and Dr. J. Hubert Wade.

Asks Congress to Denounce Executions

WASHINGTON, May 12.—Representative Dyer introduced a resolution in the House today asking Congress to formally denounce the execution of Irish rebel leaders.

Dyer asked the House to "express the horror of the American people of the summary executions by his brilliant majesty's government of Irish patriots who followed the inspiration of the American revolution, who, dedicating themselves to their country's cause, attempted as an organized force, under the forms of war, to erect a republic."

Indian Bill Is Finally Perfected

WASHINGTON, May 12.—The \$11,000,000 Indian appropriation bill was finally perfected by the House and Senate today and went to the President. It denies the long-contested right of the Mississippi Choctaws to participate in the fund, makes more stringent regulations on the presence of liquor in Indian reservations, opens up new irrigable lands in Montana and Arizona and appropriates for the preservation of the remaining works of the Arizona cliff dwellers.

National Stadium Becomes Possibility

WASHINGTON, May 12.—Widely known friends of amateur athletics were here today to appear before the House appropriations committee in behalf of the Bulbert bill to provide \$1,500,000 for the construction of a national stadium in one of the local parks along the Potomac river. Plans are under way to hold the 1920 Olympic games in the stadium if it is erected.

LOSS OF APPETITE

Most Successfully Treated by Taking Hood's Sarsaparilla.

Loss of appetite is accompanied by loss of vitality, which is serious. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions. Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist today. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments prevalent at this time. It is not simply a spring medicine, but it is the best spring medicine. Hood's Sarsaparilla makes the rich red blood the digestive organs need.

WEDDING IS WAITING ON JOHN SPRING

BERKELEY, May 12.—The wedding of Miss Dorothy Spring, daughter of John Spring, Thousand Oaks military, continues to be "postponed." Spring is investigating the past of his almost son-in-law and upon the results of the investigation depends whether the marriage, interrupted last evening almost at the altar after Spring had heard disquieting rumors concerning Lyman Covell, Miss Dorothy's newest fiancé, ever will take place.

"It is postponed," declared George Friend, Spring's son-in-law, this morning. "It is postponed—indefinitely."

Friend managed to put an accent on each of the five syllables of the adverb, Miss Dorothy and Mrs. Spring were at the Arlington Heights mansion this morning and refused to make statements.

TRIPPED ON WAY

Dorothy Spring was tripped on her way to the altar last night by her father. That is the reason that she is still Dorothy Spring and not Mrs. Lyman Covell. The girl is at her father's home, while the father is investigating the past of the groom-to-be.

Although but 17, Dorothy Spring has been traveling the road that leads to matrimony for some little time. She has found it rather rough travel so far. The first part of her journey was with Dr. J. C. Pedon, a dashing young physician of Queen's hospital, Honolulu. Without explanation, she changed companions a short time ago, continuing the journey with young Covell. Instead of arriving at matrimony, however, the two were brought up at a crossroads.

THINGS HAPPEN QUICKLY

Things happened rapidly for Miss Spring yesterday. In the morning she announced the breaking of her engagement to Dr. Pedon, whom, it will be remembered, was co-defendant with her in Honolulu on charges of manslaughter preferred against them after Miss Spring's motor car had run down and killed a woman pedestrian. She followed this announcement with the breath-taking statement that she was to be married within a few hours to Covell.

Accompanied by her mother, the girl went to San Francisco yesterday afternoon and procured a license to marry Covell. Arrangements made with Rev. William Kirk Guthrie, pastor of the First Presbyterian church in San Francisco, to have the ceremony performed at 7:30 o'clock last evening.

But meanwhile Father Spring, whose recent matrimonial tangle caused a large portion of the world's population to gossip, heard something about the past of his daughter's husband-to-be. He told his daughter:

"There's to be no wedding tonight. You wait until I find out about certain things."

FATHER SEEKS LIGHT

Some of the certain things on which he seeks enlightenment are the charge that Covell was arrested in Santa Cruz as a kleptomaniac in 1913, after he had stolen many minor articles, including a man's fencer, at the Hotel Casa del Rey. The police were puzzled in this case, for the young man wore a monocle and fashionable clothes, and was under no apparent necessity to steal articles of small intrinsic value.

Another little matter which Spring desires to investigate is the report that the man who was almost his son-in-law had had his marriage to Genevieve Covell annulled in San Francisco in February, 1915. Covell is 26 years old.

"The young man told me some of these things I have heard," says Spring, "but none of them were neglected to mention. He has a fine appearance and a good position, according to my information, but I will not permit Dorothy to become his wife until I am satisfied as to his past."

GENTLEMANLY SORT

"Personally, Covell is a gentlemanly sort of a fellow. My daughters have all married men without money and that is no objection to them, but their lives must be clean and honorable."

Covell, who lives at the Y. M. C. A. building in San Francisco, will have an interview with Spring this afternoon, in the hope that he may be permitted to continue the trip toward the altar with Miss Spring as his companion.

Miss Spring hastened here from Honolulu a few months ago because of the trouble occasioned through her father's announcement that if his wife divorced him he would make Mrs. Genevieve Ecker, a pretty nurse, his wife. Dr. Pedon followed shortly after, and the girl announced her engagement to him. Later the physician left for the South to visit his parents. He has not been in Berkeley since.

Miss Spring and Covell met at a dinner party given by Jack Holt, a San Francisco cafe dancer. This was before the Oriental trip. She forgot Covell while pursued by Dr. Pedon, but Covell resumed his attentions when she returned to Berkeley.

Merrimac Hero Loses Fight for Nomination

BIRMINGHAM, Ala., May 12.—William B. Bankhead, son of Senator Bankhead, has defeated former Congressman Richmond P. Hobson for the congressional nomination in the newly created tenth district by fifty-one votes, latest returns of the Democratic primary show. Hobson has announced he will contest.

Lansing Would Know Nature of Punishment

WASHINGTON, May 12.—Secretary Lansing announced today he had asked Ambassador Gerard at Berlin to ascertain the nature of the punishment imposed by the German government on the commander of the submarine which sank the steamer Sussex. Mr. Lansing said the request was not in the nature of a formal inquiry to the German government.

Germany Not to Send Reply to Last Note

COPENHAGEN, May 12.—According to the Berlin Tageblatt, Germany will not send a reply to the last American note, but the German government will cover with Ambassador Gerard in regard to it.

Three Hurt in Crash in Smoke at Berenda

BERENDA, May 12.—Don Stoffa of Fresno and Mr. and Mrs. Walter King of San Francisco, going to Fresno, were severely injured in a head-on motor-car collision two miles north of Sladara, about noon yesterday. Stoffa was driving south, both feeling their way through a dense cloud of smoke from grass burning on the Southern Pacific right of way, when the accident happened. Mrs. King suffered a fractured nose and possibly a fractured knee.

Select Site for New Wagon Bridge

PLACERVILLE, El Dorado Co., May 12.—The Supervisors have decided to advertise for bids for the construction of the proposed wagon bridge at the new site over the American river, near Coloma. The action of the board in deciding upon the abandonment of the old site saves the taxpayers the expense of an appeal against Superior Judge Arnold's injunction in the former case.

Dance Dresses to Cost Girls Six Dollars

NEW YORK, May 12.—The appropriate Dress Club of America will hold its first annual dance and card party at Chateau du Parc tonight. There will be an exhibition dance by twelve young women, wearing gowns not exceeding in cost \$6. The club is an organization of young women who study economical and artistic ways of making their own clothes.

Kidneys Need Attention

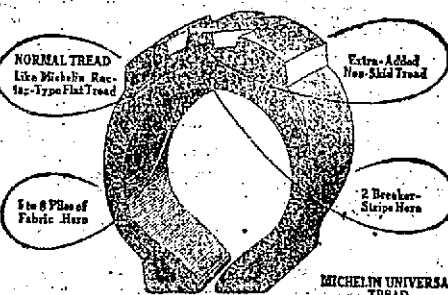

Neglect Leads to Ill Health.

Between the ages of forty and sixty the human system undergoes a great change in which the kidneys are more or less affected. Inability of the kidneys to throw off uric acid poisons makes the blood incapable to tone and vitalize the body. Pain in the back, tired feeling, dizziness, and many other symptoms are warnings that the kidneys are failing to eliminate the waste products from the system. If taken in time, Warner's Safe Kidney and Liver Remedy will help restore the kidneys to a normal condition. It aids to strengthen and stimulate the kidneys, gently subdues inflammation and quite rapidly corrects a torpid and bilious condition of the liver. Mrs. W. P. Brabham of Govers, S. C., says: "About twenty-five years ago, I was very sick; nine doctors gave up my case as hopeless. I was advised to try Warner's Safe Kidney and Liver Remedy, and it put me on my feet again. I have advised numerous people to take it and they say they get splendid results and always keep it on hand." Warner's Safe Kidney and Liver Remedy contains no harmful ingredients and should be used when the kidneys need attention. At all druggists in 50c and \$1.00 bottles. Free sample if you write Warner's Safe Remedies Co., Dept. 363, Rochester, N. Y.—Advertisement.

TRUSTED CASHIER ACCUSED BY BANK

San Diego Officer Faces Serious Charge of Forgery Made by President.

SAN DIEGO, May 12.—E. Milton Barber, until Tuesday cashier of the San Diego Savings Bank, was arrested last night on a charge of forgery and

embezzlement. He was released under \$15,000 bond and taken to a sanitarium, suffering from nervous breakdown. The complaint was sworn to by M. T. Gilmore, president of the bank. It is alleged that Barber forged a check for \$2500 upon the account of a depositor, Barber, who is one of the more prominent men of the city and active as a clubman and sportsman, has been connected with the bank for twenty-one years, having worked himself up from a humble position to cashier. His alleged wrongdoing was discovered Tuesday, when he was discharged. His prosecution was decided upon today after a conference of officials of the institution. The strength of the San Diego Savings Bank, one of the oldest in the city, is in no way affected by the alleged forgery and embezzlement, according to officials of the institution last night.

News in Small Doses

CHICAGO, May 12.—Announcement was made today of the appointment of Dr. W. C. Huntington, in charge of the Chicago office of the Bureau of Foreign and Domestic Commerce, as commercial attaché at Petrograd. He will leave for his new post within a week. Dr. Huntington will succeed Henry D. Baker, who has resigned to re-enter the consular service. The new attaché is considered an authority on foreign trade and has spent many years in Europe studying commercial conditions. Stanley H. Rose, who has been connected with the commerce

department for some years, will succeed Dr. Huntington.

ANOTHER WAGE INCREASE. PHILADELPHIA, May 12.—Announcement of a ten per cent increase for the factory employees, effective May 8, was announced by the Victor Talking Machine Company. Several thousand workmen are affected.

GOETHALS FIXES COAL PRICE. WASHINGTON, May 12.—A profit of 25 per cent is to be allowed private coal dealers in the Panama Canal Zone over and above the cost of the fuel when intended for ships using the waterway. Although the government of the zone itself is authorized to sell coal to the vessels passing through the canal, the policy has been to encourage the individual enterprise by leasing coal pockets and storage facilities to corporations and private dealers under the condition that the maximum price list be charged for the coal shall be reasonable. It is in the exercise of this discretion that General Goethals has issued a circular fixing the price of coal in the future.

REFERENDUM ON DEMAND? SEATTLE, Wash., May 12.—The annual convention of the Pacific Coast division of the International Longshoremen's Association adjourned last night after selecting Tacoma as the next meeting place. President J. J. Foley said in an announcement of the union's position on the question of demanding a 15 per cent wage increase would be made after a meeting of the executive board today. It was understood that the board would favor submitting the question to a referendum of the union members.

RECORD PRICE FOR BEEF. SPOKANE, Wash., May 12.—Whitman county stock growers signed a contract here yesterday with a Spokane packing concern to deliver four carloads of fat stock next week at 9 cents on the hoof. This is said to be the record price in the northwest.

STEEL PLANTS MERGE. PHILADELPHIA, May 12.—The Midvale Steel and Ordnance Company has purchased the property of the Diamond State Steel Company at Wilmington, Del., including 50 acres of land, five furnaces and numerous mills. Announcement of the purchase was made in this city after a meeting of the directors of the two companies. The purchase price was not disclosed. This property has been idle for two years. More than 500 men will be employed when repairs are completed.

POSTPONE TRAINING CAMP. HARRISBURG, Pa., May 12.—The camp of instruction for artillery officers and enlisted men which was to have been held from May 21 to June 3 at Tolyhanna, has been cancelled. It was announced last night from the adjutant general's department. General Stewart explained the cancellation by saying that the recall of the regular army batteries to the Mexican borders from Reading, while they were on their way to Tolyhanna, made impracticable the instruction camp this year.

CHURCH HAS PRESS AGENT. SALEM, Ore., May 12.—J. R. Rupert has been named as publicity manager for St. Paul's Episcopal Church of this city. The appointment is the result of the suggestion of Rev. S. Gill, rector and former newspaper man, who declares that he believes publicity in church work should reap equally beneficial results as newspaper advertising does in the business world.

RECORD PRICE FOR WOOL. PENDLETON, Ore., May 12.—What is said here to be the highest price ever paid in the Pacific Northwest for wool, 24 cents a pound, was received today by Smythe Brothers and the Pendleton Sheep Company for the major portion of their 1914 coarse wool clip. The sale, which amounts to nearly 250,000 pounds, is thought to be the largest of the season of Oregon wool. The purchasers was the American Woolen Mills.

PROCLAIMS MARIN PAGEANT. SACRAMENTO, May 12.—In accordance with a concurrent resolution adopted by the legislature in special session this year, Governor Johnson has issued a proclamation calling to the attention of the State the pageant and celebration to be held by Marin county on May 19, 20 and 21 to commemorate the 35th anniversary of the landing of the Drake armada.

ROBBERS GET \$4000. PERU, Kan., May 12.—Two robbers who locked Urban Gibbs, cashier, in the vault of the Peru State Bank yesterday afternoon, escaped with \$4000. Gibbs was the only person in the institution at the time. He unlocked the vault from the inside with a secret device after the robbers had left. They escaped on horses.

Shipwrecked Dog When Rescued, Goes Wild.

HOUGHTON, Mich., May 12.—Members of the Eagle Harbor Coast Guard last night rescued from a life raft of the steamer S. R. Kirby the pet bulldog of Captain Dan Houghton, who was lost with eighteen of his crew when the vessel sank off Keweenaw Point, Lake Superior, Monday. The dog, half wild from his long exposure, sprang from the boat as soon as it reached shore and disappeared into the woods.

"Shaveteria" Mugs and Blades, 10 Cents

CHICAGO, May 12.—A barber shop where you shave yourself was started in the downtown district today. It is a shaveteria, and is said to be the first of its kind. The patron has his choice of the safety or old-fashioned style razor. The charge is 10 cents.

Use Coconut Oil for Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil, which is pure and entirely greaseless, is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. If you get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last every one in the family for months.—Advertisement.

CALOMEL MAKES YOU SICK, UGH!

"Dodson's Liver Tone" Better
Than Calomel and Cannot
Salivate.

Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It cramps into your bile like dynamite, cramping and sickening you. Calomel attacks the bowels and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

REALLY IS NAMED RANGER CHIEF

Foresters Conclude Business of
Convention and Name
Officers.

With J. W. Realy, of this city, elected as high chief ranger, and new officers on the official board, the new authorities of the Ancient Order of Foresters today started active work on a new program for the coming year. The big convention, which closed yesterday, was followed last night by an installation banquet at the Key Route Inn, when the new high chief ranger and other officers were formally installed.

The new officers follow:
Sub-chief ranger, John Henderson, San Francisco; treasurer, Walter N. Reed, San Francisco; secretary, James H. Duncan, San Francisco; senior woodward, L. A. Dunham, Oakland; junior woodward, E. C. Hall, Oakland; senior beadle, M. F. Marshall, San Jose; junior beadle, Carl Schneider, San Francisco; permanent secretary, John Falconer, San Francisco; auditors, Giocanna Cressett, San Jose; J. P. O'Reilly, Oakland; Frank Bentley, San Francisco; trustees, Charles H. Rose and Carl A. Dunham and L. W. Stevens were the chairman and secretary and the members were J. W. Realy, W. L. Nelson, A. C. Perquene, T. F. Shaw, S. Nichols, W. E. Blakely, W. W. Dueson, L. F. Marsh, W. P. Sanderson, J. F. O'Reilly, C. T. Sells, E. C. Hall, C. De Matos, B. Norrell, M. S. Knudsen, J. Simas, C. R. De Goria, all of Oakland. They were ably assisted by H. L. Kinney, B. J. Noble, H. Deitel of Berkeley and Frank Weber and G. C. Andersen of Richmond.

The next biennial convention will be held in San Francisco.

GARDNER OF C. & N. CLAIMED BY DEATH

Railroad President Dies at His
Summer Home During
Rest.

CHICAGO, May 12.—Word was received here early today of the death last night of William A. Gardner, president of the Chicago and North-western railroad, at his summer home at Osterville, Mass. Gardner had been in poor health for some time and had gone East for rest and treatment.

Gardner, who was about 65 years of age, was born at Gardner, Ill. He began his railroad career on the Chicago and Alton when a young man and entered the service of the North-western in the train dispatchers' department in 1878. He was chosen president of the Chicago and North-western about five years ago.

Masons to Perform Rites for Livingston

Funeral services will be held tomorrow at the Oakland Crematorium under Masonic auspices for Fred B. Livingston, mining engineer and former member of the Vermont State Legislature, who passed away at his home, 52 Hamilton Place, at the age of 63, yesterday. He was noted as a Nevada mining man, owning an interest in the famous Mammoth mine, Douglas county, in which John Treadwell was interested, and also controlling properties in Mono county and elsewhere.

He was a native of New York, and went to Vermont in his youth. He was elected to the Vermont legislature in 1890, and served one year. He moved to California shortly after filing his term. He is survived by a widow, Mrs. Stella Livingston, and two daughters, Florence B. and Gertrude Livingston.

Clever Styles in Handbags

In handbags are shown some of the prettiest and most convenient shopping bags we have ever carried. One, in Vachette patent leather, in large square size, is fitted with two buttoning flap pockets on the inside, besides the usual coin purse pocket, making it a clever affair for the week-end trip, as its dimensions give ample space for toilet articles. Beaded bags in endless variety include the all-white bag to accompany the white toilette. Children's bags in leather and moire are fitted with mirror and coin purse, a la mama's. Belts for all costumes. Sport belts in tan with white stitching, in blue oze with black patent leather trimming and in every other color one could fancy.

Children's Purses—25c and up
Women's Bags—98c to \$15.00

Wash Petticoat Pointers

The taffetas and other dress-up petticoats are never wholly ignored in renovating one's wardrobe, but at this season they take second place while those of wash materials come to the front rank for wear with the sports costumes and more rough-and-ready toilettes of outdoor life. For such use the gingham and seersuckers, old friends of the tub, so easily laundered and always ready, are to be found at CAPWELL in neat stripes, well cut and carefully stitched. The wearing qualities of these petticoats has been so well demonstrated, time out of mind, that all women know their worth.

Wash Petticoats made of good quality of gingham or seersucker. In an assortment of black-and-white stripes, blue and white and white stripes, have a deep circular tailored flounce, with small ruffle and bands. An excellent value for the very moderate price of

65c, 75c and \$1.25

Petticoats in above style in extra sizes—75c and \$1.00.

Cotton Taffeta and Other Wanted Petticoats

Black Cotton Taffeta, with embroidered ruffle—\$1.25. A number of styles with deep flounces, pleating, and small ruffles. Some circular, with lucks; others have shirring.

In Black and Colored Saten, Heatherbloom and Cotton Taffeta we carry a stock embracing all desirable garments.

Black and Colored Saten, with Van Dyke Pleating, in black, navy and hunter's green—\$1.25.

In Heatherbloom, the fabric that has made a name for itself, are to be found nearly all the colors in taffeta silks—black, king's navy blue, emerald and black. All have fitted elastic top and are cut in full circular pattern. Price—\$1.75.

Out size Saten Petticoats, with fitted top, made in a number of styles with deep flounce and tucks, pleating and ruffle, in black only—\$1.00, \$1.75 and \$2.25.

Saturday is Children's Day

The day on which we put our best foot forward because we know a lot of the little folks are going to visit us. We are going to show our newest and prettiest things in children's wearables tomorrow and mothers as well as the little children will revel in the new garments which have been added to our stocks this week.

Children's Fiber Sweaters Just Received

The sweaters mothers have been waiting to buy for their little daughters were received yesterday, shipped directly from our New York representative. They are literally "must haves" for the summer wardrobe—fine fiber sweaters of Copenhagen blue, rose and gold. Made with outside pockets, fetching shawl collars and necks finished with cunning little tassels. These garments are just the thing for the little ones on chilly mornings or evenings. Sizes 6 to 14 years, priced at \$5.00 and \$5.50

New Tub Dresses for the Play Time

In the new Wash Dresses in sizes from 2 to 6 years the designs are so varied that mothers will take great pleasure in choosing. Materials are plain chambrays, percales, stripe plaid and check gingham in shades of light pink, light blue, tan Copenhagen, green, brown, rose, navy stripes and checks. Some are in long-waisted effects, while others are cut high and still others have cute little boleros. According to design and material, prices run from 59c to \$1.00, \$1.25 and \$2.50

Girls' Sport Dresses in two new styles

One chic model in a two-piece middy suit has a pleated skirt of white poplin with a middy of Copenhagen blue or rose stripe on white, and a large white collar, cuffs and belt. A soft black silk tie and pearl buttons add the finishing touch. Price—\$3.95. Another charmingly youthful model has a striped middy belted about the back and sides, with a white collar. A plain skirt in pink or blue to match the middy completes this jaunty costume. Sizes 8 to 14 years. Price—\$4.25.

Now is the Time to Buy New Summer Coats for Children

Spring-like and dainty, they are of the first choosing from the New York stock and are absolutely new on Pacific Coast.

There are dainty taffetas in green and blue, with white collars and cuffs of sheer Georgette crepe, or corded silk, beautifully hand-embroidered; belted, or high-waisted styles, with a chic little ruffle outlining the yoke. There are smart little reefer coats made of the dark blue serge everybody likes. These are especially charming with their trimmings of large white pearl buttons, flap pockets and hand-embroidered white plaques and cuffs.

The new medium-size broken checks in combinations of green, blue, brown, black and white, with collars and cuffs of plain material to match the check, are made in models with belted backs, or with circular skirts and full belts. There are coats too numerous to mention in plain serges, mixed materials, gabardines, poplins and silks, which come in the solid colors—black, brown, navy, reseau, green, Copenhagen, blue and rose; all styles. Sizes 2 to 8 years. Prices—\$3.50, \$5.00, \$5.75 to \$12.50

Coats for Junior Misses

Coats as good as gold for girls from 8 to 14 years. These charming outdoors garments come in large black-and-white checks, with red or green collars; also in fancy green and rose checks with flap pockets. They are girlish and becoming. Navy serges, gabardines in green, Copenhagen blue and brown; corduroy. Sport Coats in rose and hunter's green are found in this great assortment of latest models. Priced at—\$6.50, \$7.50, \$8.50 to \$12.50.

Wheeled Goods for Children's Sports

The whole juvenile population takes to the out of doors these bright days. They demand wheels—anything that goes on wheels meets their approval. Our wheel goods lines are now complete with immense Spring shipments, and embrace: Hand Cars, rubber tires, \$1.00 to \$12.00. Tricycles, \$5.00 to \$14.50. Velocipedes, \$1.75 to \$15.00. Wheelbarrows, 75c to \$1.50. Doll Cabs, 65c to \$16.50. Automobiles, \$5.00 to \$16.00. Iron Wagons, 65c to \$5.50. Wood Wagons, \$1.00 to \$2.50. Two-wheel Carts, 35c to 75c. "Capwell's Speedking," the best coaster that ever gave joy to the small mule population, is now better and faster than ever, because it is equipped with roller bearings. The strongest and heaviest material is put into the wheels, making them ready to withstand the hardest usage. "Speedking," with 82-lb. board and steering wheel, roller bearings, \$4.75, with 48-lb. board, steering wheel and roller bearings, \$5.50.

Mrs. Vaughn suggests that housekeepers think over the following questions and see if their views accord with hers as given in her lecture tomorrow morning:

One—How much real thought have I given to habits of my children?

Two—What do I know of my own child?

Three—Is the health affected by irregular habits of eating, exercise and bathing?

Four—How much have I investigated school lunches?

Five—What can I do to save expense, time, anxiety in kitchen supplies and labor saving devices?

Every day of the TRIBUNE'S Home Economics school in Auditorium opera house has been a decided success from every standpoint, but yesterday surpassed them all.

Not only was the hall packed with interested women, but enthusiasm ran high. Penicils and pads were busy constantly, their owners hurrying to put down valuable suggestions made by the teacher. Mrs. Vaughn was called upon to answer a steady flow of questions.

Besides being a food specialist and a famous Southern cook, this better Foods Better Homes expert is exceptionally practical in her talks and cookery lessons, and the women of Oakland are manifesting a great interest in her work. With her cooking is not a bore nor a drudgery, just

meats ideas for wholesome, ideal bread.

Mrs. Vaughn is giving much information that will enable the women of her classes to cut down on the meat bills. Today she is telling them how to prepare fish in an attractive manner. All of these cookery lessons are exciting considerable interest.

Some instruction in making fine pastry is included in her cookery lesson for today and cream puffs and chocolate eclairs are being served. The recipe for the unusual and delicious apple sauce cake she is making is to be found among those published in this issue of "The Tribune."

Plans Are Completed for Big Chico Trip

The full program for the Chamber of Commerce trade extension tour to the Butte county exposition at Chico, May 27 and 28, was outlined by the committee arranging the trip today.

Plans for hotel accommodations for the Oakland business men, for their entertainment at Oroville and Marysville, and their visit to the Alameda county exhibit at Chico, have been completed.

The party will leave Oakland 7:20 Saturday morning, May 27, arriving at Marysville at 11:20, where a stop will be made for lunch. They will arrive at Chico at 1:30, where they will be entertained by Chico business men. Sunday, on their return they will stop over three hours in Oroville and will arrive in Oakland Sunday at 6:15.

The excursion is in charge of D. E. Graves, general chairman; J. L. Howard, C. L. Smith, H. A. Mosher, H. Gerich, J. C. Miller and J. E. Maubachian.

TAFT SAYS AMERICANS CARELESS OF FUTURE

NEW YORK, May 12.—Former President William H. Taft, speaking here last night at the annual banquet of the Manufacturing Perfumers' Association, declared that "the trouble with us Americans is that we cannot look out for the future."

"In my judgment," he said, "when we get into a war we ought to have conscription at once. We ought to have conscription so that everyone should be equally subject to military service. I think England now would be better off had she adopted conscription earlier. Everyone ought to stand equally before the law in rendering military service."

Mr. Taft referred to the military despotism in Mexico during the Diaz regime, and said we should therefore "be a little patient with Mexico in enforcing military despotism."

"How can we expect popular government in Mexico when 50 per cent of the citizens cannot read or write?" he asked.

BETTER MUSCLE, BETTER WORK—the power to do things comes from food that supplies the greatest amount of nutriment with the least tax upon the digestive organs. Shredded Wheat Biscuit contains all the muscle-making material in the whole wheat grain made digestible by steam cooking, shredding and baking. Contains more real nutriment than meat or eggs and costs much less. Being ready-cooked and ready-to-serve, it is the ideal Summer food. Delicious for breakfast—or any meal with milk or cream, or with fresh fruits. Made at Niagara Falls, N.Y.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrh, Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires a constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease is driven down the air passages toward the lungs where it is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climatic conditions.

Secure from your druggist 1 ounce of Eucalypti (Double Strength). Take this home and add to it 1/2 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Closed nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Eucalypti is used in this way as it acts directly upon the blood and mucous surfaces of the system and has a slight tonic action that facilitates the recovery of the patient. The preparation is easy to make, costs little and is pleasant to take. Every person who has of late should give this treatment a trial.—Advertisement.

OAKLANDERS WRITE 'OLIVE' LIMERICKS

Contest for Oroville Celebration
Waxes Warm About
Bay.

"If as many people would eat ripe olives as write limericks about them," said George C. Mansfield of Oroville, publicity manager of the California Ripe Olive Day Association, "there would be no question about the future of the industry."

Following the announcement of the statewide contest for the best limericks in praise of California's luscious ripe olives, the headquarters of the California Ripe Olive Day Association at Oroville has been fairly deluged with poetic efforts from all parts of the state. Apparently, the limerick-writing population of California is about equal to its entire population.

Oakland has contributed a large number of these limericks. Among the entrants to the contest is Charles F. Reed, 1305 Union Savings Bank building, this city, who writes:

California boasts many things
And about them merrily sings
But there's nothing she raises
Deserving of praise
As ripe olives, fit to sell for kings.

The following is from Talcott Gault, 1750 High street, Oakland:
A young man took his lady to dine,
She told him ripe olives were fine.
A few then he tried,
And presently cried,
"California ripe olives for mine."

Albert G. Dawson of the Hotel Oakland writes as follows:
Nine olives are large and delicious,
And wholesome, rich and nutritious;
California has grown
The best ripe olive known,
To eat them each day is judicious.

Miss Bessie Durr, 1617 Adeline street, writes:
There was a young maid named Marie,
Who had not eaten ripe olives, I see,
But when she once tasted
No more time she wasted,
Every day's Olive Day for Marie.

Railroads, grills and hotels all over the United States have promised the state committee to feature the day. Ten thousand diners will carry the message of the ripe olive to the people of the East and innumerable menu cards in restaurants and grills will also preach the gospel of this distinctive California fruit.

Headquarters of the California Ripe Olive Day Association are maintained in Oroville and Los Angeles. Limericks desired to be entered in the contest should be addressed to the California Ripe Olive Day Association, Chamber of Commerce building, Oroville, Cal.

EYES OF EAST ARE ON PACIFIC COAST

Bank of Italy Founder Sees
Prosperity in Big Business.

"The people of the east are looking toward the Pacific Coast for future activity. The Panama-Pacific International Exposition was a great work of publicity and its effect is seen across the entire continent."

Thus does Amadeo P. Giannini, founder of the Bank of Italy, predict that the next year will be one of prosperity for the coast states, and particularly does he emphasize the prospects for big business in California.

"There is optimism abroad in the entire country, and a very healthy financial condition is witnessed everywhere," continues the banker, who has just returned from a survey of conditions between here and foreign countries. Such tariff in effect would eliminate all possible chance of cheating the foreign labor competing with our industries.

"I have no idea as to who will be chosen by the Republican convention in Chicago, but this much I am confident of, that the nominee will be a backbone representative of Republicanism, a man in patriotism, sane preparedness and a practical tariff. Many persons believe that the most likely candidate is Justice Hughes, although there is considerable Roosevelt and Root talk, with a possibility of a dark horse, such as U. S. Senator James W. Wadsworth, head of the New York delegation to the Republican convention, who is a very able and popular statesman."

"I found in all my travels that the Panama-Pacific International Exposition has worked wonders for San Francisco. It was the greatest and most effective advertising medium imaginable. Now, since it is a matter of record only, we are reaping the benefits in all lines and branches of business. Many Easterners and Middle Westerners who visited the exposition, toured the Pacific slope from one end to the other, with the result that they were so impressed with the beauty and the business opportunities that they are contemplating to locate permanently in San Francisco."

Old New York Firm to Terminate Business

NEW YORK, May 12.—Mills & Gibbs, capitalized at \$3,200,000 and said to be one of the most extensive dealers in white goods in this country and England, will liquidate before January 1. It was announced last night by William T. Evans, president and treasurer of the firm, after expert accountants employed by the banks that handle the concern's paper had finished an examination of its books.

A committee was appointed to look after the concern's affairs. A stamp issued by Mr. Evans said the firm was solvent, and that few of its departments had been affected by the European war.

Mills & Gibbs is one of the old commercial concerns in New York. It was founded more than a quarter of a century ago.

Frost Cost Idaho Farmers Big Sum

BOISE, Idaho, May 12.—Loss of more than \$1,000,000 to southern Idaho fruit growers was caused by a severe last night and Tuesday night. The prune crop was entirely destroyed and little remains of the apple crop. All small fruits were wiped out by the frost.

SICK HEADACHE. This ailment is nearly always caused by a disordered stomach. Correct that and the attacks of sick headache may be avoided. Mrs. A. L. Luckie, East Rochester, N. Y., writes: "I was a victim of sick headache, caused by a badly disordered stomach, when I began taking Chamberlain's Tablets three years ago. In a few weeks' time I was restored to my former good health." For sale by Good Bros. Drug Stores—Advertisement.

MRS. JOHN DE P. TELLER, A BEAUTIFUL YOUNG ALAMEDA MATRON, WHO SANG AT MRS. NICHOLSON'S SOIREE MUSICALE

OF THE AFFAIRS TODAY—The affair of the day today of interest to society on both sides of the bay was a luncheon given at the home of Mrs. Philip E. Bowles for Mrs. Louis Montague, who leaves within a few days for New York. Mrs. Bowles, who has known Mrs. Montague since her childhood, shared the farewell with a number of old friends.

WRS. WHITE'S DANCE.—The dance that Mr. and Mrs. William Thornton White will give this evening at their residence in Piedmont, will be one of the smartest events of the week, and many dinners, including one given by the Fred Shermans, will precede it. Within a few days Mrs. Sherman will leave for an enjoyable sojourn in Southern California.

TO GIVE INTERESTING TEA.—Two young artists will be the guests of honor at an interesting tea to which Mrs. Robert Hayes Van Sant and Mrs. Leonard Leslie Wood have invited several scores from both sides of the bay. This affair will be given next Friday afternoon in the Studio building, San Francisco, in the studio of Miss Jennie Pollin and Miss Emilie Piero, for whom it was arranged. Both Miss Pollin and Miss Piero are sculptors, who have exhibited at the Salon Francis and at the American Girls' Club in Paris, as well as in the east, and for three years until the war drove them to this country last fall they had their studio together in the French capital. Before that they studied and worked in France. Miss Pollin has modeled small statues of children and has relief with much success, exhibiting them at the International exhibition in Paris in 1914. Though a native of Portland, both she and Miss Piero decided to come to San Francisco, as the exposition had caused to find an awakening to all the arts. Miss Piero, before studying in Italy with Dante Sordani and later in Paris with Paul Bartlett, the celebrated American sculptor, learned the foundation of her art at the institute in Chicago.

Since arriving a few months ago in San Francisco the gifted young women have had quarters at the Studio building, where a number of the well-known artists and patrons of art have studios.

TO ENTERTAIN HOUSE PARTIES.—Mr. and Mrs. Isaac Uppman have taken a house on the Russian river for the summer and have planned to entertain extensively every week end. Among those who will be frequent guests are Mr. and Mrs. John McNeer and several other east bay society people.

FOR MRS. COCKROFT.—Mrs. William Bunker presided at a pretty luncheon today at Hotel Oakland in honor of Mrs. L. F. Cockroft. Covers were laid for sixteen, the guests being Mrs. J. P. Cockroft, Miss Janet Haight, Mrs. George W. Percy, Miss Mary Heat-on, Mrs. A. C. Doney, Miss Emma Prager, Mrs. A. E. Bange, Mrs. J. M. Scupham, Mrs. Charles Leonard Smith, Mrs. A. H. Munson, Mrs. Guy C. Earl, Mrs. Edwin Owen, Mrs. Kate A. Buckley, Mrs. Samuel Breck, Mrs. M. de L. Hadley, Mrs. Edward Booth, Mrs. J. A. Vandergift and Mrs. M. A. Anderson.

TO GIVE TEA.—Several scores of the east bay set will attend a bridge afternoon to be given by Mrs. Seymour Hall and her sister-in-law, Mrs. Shirley Houghton, on the afternoon of May 27. They will be assisted in receiving by Mrs. Charles Houghton.

TO GIVE CHERRY FESTIVAL.—Mrs. Harry Meek will be hostess at a cherry festival and a social party on the afternoon of May 24 at her home near San Leandro, in the heart of the cherry district. These all fresco affairs are events to which Mrs. Meek's friends look forward each spring.

WEST OAKLAND HOME CARD PARTY.—To add to the fund raised by the sale of tickets for the West Oakland card party which filled the ballroom of Hotel Oak-

land this afternoon, fortunes were also told by Mrs. Thomas Lurke, who, as Palm-ista, has been forecasting the future with excellent financial results for a number of charities, and who will be a Chinese fortuneteller tomorrow at the Garden Fete for the allies. At the affair today she appeared in yellow Oriental robes with green beads for a decoration and sweet-

smiles and dismay among the bridge players. The card party, which was arranged by the matrons who are to have charge of the mystery booth at the doll show next fall, was in the hands of Mrs. James Dunn, assisted by several others.

PRESIDES AT LUNCHEON.—Mrs. Henry Howard presided at one of the prettiest bridge lunches of the week for Miss Kate Bennett yesterday at her home in Piedmont. Among her guests were:

Mrs. Willard Williamson, Mrs. Fred Bordwell, Mrs. Edward Howard, Miss Isabel Percy, Mrs. Charles Bonestell, Mrs. Philip E. Bowles, Mrs. Miriam Hall, Mrs. Sam Bell Wakefield, Mrs. Frederick Cullin, Mrs. Cleveland Baker and a number of others.

ENTERTAINS GRADUATING CLASS.—Nearly a score of girls of the sub-graduate set will be entertained tomorrow at a luncheon to be given by Mrs. Mollie Seagraves at her home at 1415 Cliff Street, in honor of Miss Marian Hanson, Miss Edith Bridges and the class of 1915 of Miss Hanson's school. The affair will take place at the Cliff Hotel in San Francisco and the guests will be the members of the graduating class from the famous boarding school. Other guests will be Miss Lorna Williamson, Miss Marian Hanson, Miss Bridges, Miss Olivia Long, Miss Miriam Warner, Miss Mildred Fugate, Miss Pauline White, Mrs. Lucy Hale, Miss Adeline Howard, Miss Helen Bolles, Miss Katherine Maxwell, Miss Eleanor, Mrs. Helen Blackburn, Miss Katherine Bixby, Miss Allen Treat and Miss Margaret Carr and the two hostesses.

TO GIVE DANCE.—Dr. and Mrs. T. Edward Moore will be hosts to about forty of their friends next Friday evening at an informal dance to be given in the large hall of the Picture Palace, Claremont, Club in Hillcrest road.

TO ATTEND GARDEN FETE.—Although it doesn't fall on May Day, the big Garden Fete to be given tomorrow on the beautiful grounds of the W. F. Boardman place at 180 Alvarado road, Berkeley, will really be the May Festival for hundreds of young people from around the bay. This affair, planned to buy periscopes and telescopes for the allies by the British consular general, is to be a fete of Pierrettes and Pierrots and of outdoor merry-makers. The Pierrettes and Pierrots are to be more than a score of well-known people, while several others will assist in telling the future. Music and refreshments are part of the program, while many other diversions have been announced for the afternoon's success. Not the least of these are motor buses that will save the guests from walking a distance to the Boardman grounds. In case of rain the fete will be held at Hotel Claremont.

MRS. KYLE HOSTESS.—Sequel to the beautiful luncheon given today by Mrs. Peter Kyle and followed by a session at bridge. Around the table with its picturesque masses of spring flowers were seated:

Mrs. Edward Engle, Mrs. Edward Howard, Mrs. Edgar Jones, Mrs. William Howard, Mrs. William Knowlton, Mrs. William Edge, Mrs. Charles Hates Jr., Mrs. Challen Parker, Mrs. Wickham Haynes, Mrs. Kendall Morgan, Mrs. Willard Williamson, Mrs. Charles Francis White, Mrs. Jack Fletcher, Miss Dorothy Spring, Mrs. Edward Gilman, Mrs. Burr Eastwood, Mrs. Percy Walker, Mrs. Percy Lewis, Mrs. E. D. Moore, Mrs. Helen Go Bonestell, Mrs. Leon Clark, Mrs. Robert Newell, Miss Irene Hodgson and Mrs. Nicholson.

LARGE TEA PLANNED.—Mrs. Robert E. Easton of Santa Maria is the motif of a large tea for which several hundred cards have been sent out by Mrs. Paul O. Tietzen and her daughter, Miss Hazel Tietzen. The affair will take place on Thursday afternoon, May 15, from 4 to 6 o'clock at the spacious Tietzen residence in Claremont. Mrs. Easton, who is visiting her parents, Mr. and Mrs. Walter O'Neil, was formerly Miss Ethel O'Neil, and has many friends in the east bay cities who will entertain her during her stay.

AT BENICIA.—Miss Lucy Pierce is the house guest this week end of Lieutenant and Mrs. Henry C. Davis of Benicia, and on Friday return Sunday will leave immediately for Monterey, where she will spend a month painting a series of rooms. Her sister, Miss Virginia Pierce, is spending the summer with friends at their country place near Healdsburg.

Mr. Henry Davis, who joined the service set at Benicia last fall, is now also entertaining her mother, Mrs. Charles Burr, and her sister, Mrs. Dorothy Converse, who came out from Boston a few weeks ago. The Converse family is one of the oldest in the Massachusetts capital.

LA JEUNESS DANCE.—The young people of La Jeunesse dancing club have planned a musicale for their last dance of the season on Friday evening, May 19. The party will be held in Town and Gown clubhouse, Berkeley.

TO GIVE RECEPTION.—Mrs. Joaquin Miller will be the guest of honor tomorrow at an informal reception given by Mrs. E. S. Ponton of Piedmont. Many members of the Joaquin Miller Club and of the Piedmont Civic Club will be among the guests.

LEAVE FOR THE SOUTH.—After a several weeks' sojourn in the bay cities Mr. and Mrs. David Vaisbort left a few days ago for Los Angeles and San Diego, where they will visit the ex-

position. During their stay in Oakland they were the house guests of Mrs. Clarence Locan, who entertained a dozen friends at dinner last Saturday evening in their home. Mrs. Vaisbort comes from Sydney, Australia, the home town of Mrs. Locan, and her husband is a well-known musician of Washington, D. C.

MRS. NICHOLSON'S MUSICALE.—One of the interesting soirees of the past week was a musicale given by Mrs. Lena Carroll Nicholson several evenings ago, at which a number of the east bay musical set were present. Miss Barbara Juller, Miss Edith Bonjean, Mrs. John de P. Teller of Alameda, Miss Edith Hibbard, and a number of others known both socially and musically, were among these. The affair took place in Mrs. Nicholson's studio in Piedmont.

GIVES BRIDGE PARTY.—Mrs. C. A. Mills entertained twenty-four guests at a pretty bridge party last Tuesday afternoon at her home in San Leandro.

PLAN WEDDING.—One of the early June weddings will be that of Miss Katherine Bixby and Paul S. Orgran, which will be held about the first of the month. After a honeymoon in Southern California the young people will take an apartment in Oakland.

ENTERTAINS AT LUNCHEON.—Miss Elizabeth Walker Hill was the complimented guest at a pink and green luncheon given a few days ago by Mrs. Channey Rio Baker at her home in Berkeley. Covers were laid for twelve. Miss Hill leaves shortly for the South, where she will visit her brother, Dr. Frank Edgar Hill.

Released From Prison, Indian Seeks Family.—FRESNO, May 12.—Togged out in the suit furnished by the San Quentin authorities and wearing a bright red necktie, Charlie Davis, the Indian slave of "Dr." Jack Turner, a medicine man, returned to Fresno yesterday from the prison, from which he was pardoned this week, thanked Julius Hansen, his attorney, and left last night for Dunlap to find his square and papoose. Davis "packed his own papoose" and that was counted in his favor.

Three High School Girls Die When Boat Turns.—HAWARDEN, Ia., May 12.—Three Hawarden high school girls—Edna Rorman, Nell Johnson and Marjorie Fairman, were drowned in the Big Sioux river last night when a boat in which were five pupils and a teacher, was carried over a dam. One girl clung to the boat, the teacher and the other pupil held to the dam and these three were rescued. The bodies of the girls were recovered. Twenty-five high school girls, picnicking on the river, witnessed the drowning.

WANTS WHITE DOCTOR.—FRESNO, May 12.—"I will go to white doctors," instead of medicine men hereafter," said Charlie Davis, Indian, upon arriving here today from San Quentin, where he served some time for the murder of Captain Jack, a medicine man. Davis was pardoned. He will immediately join his family in the mountains.

Cottolene

"The Natural Shortening"

Foods cooked with Cottolene come to the table with their natural goodness improved with a better flavor. Biscuits shortened with it delight by their taste, their lightness, their whiteness and their wholesomeness. Pie crust shortened with Cottolene has that flaky goodness which perfects the whole pie. All foods fried in it are better-tasting and digestible because Cottolene does not soak into them. There is no substitute for Cottolene—nothing "just as good." Try Cottolene—try it in your biscuits, for example, then in your other cooking. Arrange with your grocer for a regular supply. It is packed in pails of various sizes.

HAASE SWALLOWED POISON IS THEORY

Thought to Have Taken Pill by
Mistake; Search Is
Continued.

SAN FRANCISCO, May 12.—A box of green tablets discovered with some white capsules yesterday in the home of William Haase, assailant of Charles O. Swanberg, proprietor of the Portola Louvre Cafe, contained bichloride of mercury, according to the report of a chemist who completed analysis this morning.

Dr. F. C. Keck, physician and bondsman, was not certain of the nature of the tablets until they had been examined by the chemist. Bichloride tablets are usually pink in color, and there are several medicine tablets which are made green.

Dr. Keck is convinced that Haase, ignorant of their nature and seeking only succor from the pain of his attack of ptomaine poisoning, swallowed one of these pills.

"I am more than ever convinced that Haase must have taken one of the tablets," said Dr. Keck today. "If he did so, all hope of saving his life, should he be found, has passed. He must have done something like that or else he would have been located before this. Swallowing one of the tablets would have the effect of making him ill, but he may even now be in some long-distance house or out of the way place."

Mrs. Haase, the wife, is ill in bed today as the result of worry over her husband's whereabouts.

Dared to Wed, hesitates, Does Right Mr. Wright Is Bridegroom

Matrimony is nothing to be dared into unless the "right man" is available on short notice, according to Miss Catherine Mills, attractive Oakland girl, who has made good her boast that she cannot be "stumped." Yesterday friends dared her to be married and a number stepped forward as willing bridegrooms.

Miss Mills hesitated. She was not going to be dared, of course not, she declared, but she would wait. Then came Frederick Wright of Pittsburg, Contra Costa county, to join the volunteers and she hesitated no longer.

The couple motored to Santa Rosa, where in the presence of the group who had dared and who had doubted, Miss Mills became Mrs. Wright, with Justice of the Peace M. T. Vaughan officiating.

The would-be bridegrooms doubt no longer of their ability to dare a girl into marrying—someone else.

Burglar Picks Lock; Woman Screams; Flees

Mrs. O. E. Holmes, 804 Fifty-second street, surprised a burglar at her front door today and screamed. The stranger was attempting to open the door with a skeleton key when she was attracted by the noise. She telephoned the police of the northern station while the fellow ran away. An unavailing search of the neighborhood was made in the police automobile.

S. F. Owes \$750,000 in Lost Damage Suits

SAN FRANCISCO, May 12.—San Francisco will have to pay three-quarters of a million dollars out of its treasury to satisfy judgment for damages and for the recovery of funds filed against it in recent years. Today County Clerk Harry I. Mulvey certified to the board of Supervisors ninety-eight judgments against the municipality, ranging from \$100,000 to \$25,000 of which have been sustained by the courts.

\$75,000 IN LIQUOR SEIZED IN SEATTLE

Mayor Gill Advises Police Chief
to Disregard Court
Order.

SEATTLE, May 12.—Seventy-five thousand dollars worth of liquor was seized by the police yesterday in the most sweeping raid made since the statewide prohibition law went into effect January 1. Two large warehouses and nine drug stores were searched, but no arrests were made and none of the liquor was destroyed.

Mayor Hiram C. Gill, who personally supervised the work of forty policemen who made the raid, said that the liquor would be held by the police long enough to give the claimants an opportunity to establish that they had not violated the law, but that the belief that little of it would be returned.

"Most of it will find its way into the sewers," said the mayor.

"INJUNCTION" FAILS.
While the police were searching the warehouse the work was stopped temporarily by the arrival of a deputy sheriff with a temporary restraining order preventing the police from destroying the liquor. Walter Byres, manager of the warehouse, maintained that the order issued by Superior Judge J. T. Ronald prevented the police from continuing the search.

Mayor Gill, who is a lawyer, examined the document, announced that it merely was an order to appear in court Friday and show cause why an injunction should not be issued, and ordered the police to proceed.

In less than an hour another deputy sheriff arrived with another order from Judge Ronald, which Byres said was an injunction and also a show cause order. Again Mayor Gill, examined the paper and said that it was not shown that a bond had been furnished and that for that reason the order meant nothing more than the first order to appear in court Friday morning and show cause.

"That is an injunction," he declared, "and if you continue the search in this place you stand liable to contempt of court."

"I would advise you, Chief," said Mayor Gill, addressing Chief Beckingham, "to proceed with your work."

HIS OWN TRUCKS USED.

Every effort was made to open the doors of the warehouse on the grounds that he was protected by the order of the court, whereupon Mayor Gill ordered the police to break open the doors. The forcible entry resulted in the seizure of several additional consignments of liquor.

Before the raid Mayor Gill chartered all the available trucks in town, manned them with policemen and trustees from the city jail and for several hours wagon load after wagon load of liquor drove up to the Public Safety building, where the liquor was stored in a large room recently vacated by the city treasurer's office. Most of the liquor seized at the Byres warehouse was hauled away in trucks belonging to the Byres company, which the mayor had hired before Byres knew his premises were to be searched.

Besides the liquor belonging to the Justice Street Pharmacy, goods belonging to fourteen other drug stores was removed from the Byres warehouse. An inventory of these seizures showed a total of 220 gallons of bottled whiskey, 39 cases of whiskey, 144 cases of bottled whiskey, 20 cases of bottled beer, 16 barrels of bottled beer, 25 gallons of gin, 134 quarts of wine and 25 gallons of gin.

The drugists declared that they had taken out State permits for the shipment into the city of all the liquor stored in the warehouse.

After the raid Mayor Gill said he was entirely satisfied with the result.

"What we are trying to do is to put the saloon out of business in Seattle," said the mayor. "It stands to reason that a person running a legitimate drug store would not have as much liquor as we found in his possession."

The police later raided C. M. Gray's drug store at 727 Seventh avenue and confiscated a barrel of whiskey, 100 half-pint bottles of whiskey, 45 bottles of beer and 10 gallons of alcohol. The search warrant for Gray's store was issued at the same time the warrants were obtained for the big raid.

Five drugists were convicted yesterday of violating the prohibition law. Fred Billingsley, one of the four proprietors of the Stewart Street Pharmacy, which was wrecked by the police ten days ago, was fined \$100 and sentenced to thirty days in the city jail in police court.

Billingsley gave notice of appeal and "was released" on \$100 bond. J. G. Gerner and Cyrus Paul were fined \$100 each and Albert Smith was fined \$75 in police court. J. A. Davis, proprietor of a drug store on the waterfront, pleaded guilty in superior court to selling liquor illegally and was fined \$50.

Police Judge J. J. Jones ordered 145 gallons of liquor, seized in Smith's drug store, Twenty-third avenue and Jackson street, destroyed. The police already had destroyed all but forty-five gallons of this seizure.

141 GO TO PRISON FROM THIS CO.

During the year 1915 there were 141 persons sent to state's prison from Alameda county, including nine who were sent up for life terms, and making a total, with the exception of life-terms, of 439 years to be served.

Nine defendants who had previously been released on probation were rearrested and sent to prison, but Assistant District Attorney James M. Koford states that the probation system has proven satisfactory in Alameda county, 85 per cent, having "good" records. There are about 700 persons on probation in this county.

The statistics compiled by Assistant District Attorney Koford are as follows: Sentenced to imprisonment, 141; admitted to probation, 36; dismissed, 27; found not guilty, 14; failure to provide cause, released on bond to support, 6; sentenced to Prewton School of Industry, 3; adjudged insane, 2; transferred to Juvenile Court, 1; removed from office, 1; fined, 1; pending, 1; total, 201.

Vernon Choral Club in Annual Concert

The Vernon Choral Club gave its annual concert last Tuesday evening at the Claremont school auditorium. The organization, sponsored by the Rockledge Women's Club, and the club was highly complimented upon the excellent program given. The evening was arranged by Mrs. N. O. Shively and Mrs. William Wright Jr. The Claremont trio, consisting of Miss Pauline Schenmer, violin; Miss Anna Northcutt, alto, and Mrs. William Wright Jr., piano, rendered the first number of the vanderbilt entertainment given for the benefit of St. Mary's College. The trio is well known among musicians and music lovers of the bay cities.

Final Plans Completed for Festival on Campus

Final plans have been completed and the last rehearsals were held today for the May festival to be held at Mills College tomorrow when, by the shores of Lake Aliso, the little pond on the campus, the girls will present a Sylvan drama, under the direction of Miss Margaret Andrews. The willow-lined shores of the lake will be used as a scenic background for the classical play, which is to tell the story of a youth shepherd and a maid, the tale being developed from one of the ancient myths. A number of remarkable dances will be features of the spectacle, and a special chorus will sing in the offering.

The cast includes the following:
Naked, Helena Braun; Shepherd Youth, Helen London; Artemis, Illida Clute; Satyr, Margaret Curtis.
Nymphs—Frances Merry, Zelma Caruthers, Priscilla Moore, Inez Netter, Pauline Simon, Helen Boyle, Velma Gist, Jeanette Gay.

Maidens—Gladys Ordway, Ruth Hubbard, Margaret Hawkins, Helen Davis, Anna Norton, Marie Prodransky, Irene Combe, Marjorie Miller, Roberta Burchell, Estella Chabourne.

Youthful guides—Young Esther Dayman, Helen List, Gertrude Coffey, Frances Jones, Ruth Dobbin, Oscella Hense, Bernice Halstead, Eunice Hingle, Margaret Wood, Marjorie Dinmore.

Children—Elizabeth Thompson, Frances Hendon, Dorothy Iltman, Marion Pirkey, Eliza Hansen.

COMPANY SEEKS OWN NAME BACK

What's in a name?

Much, indeed, when corporations are concerned. The Henry Cowell Lime and Cement Company has lost its name and another concern has found it and is using it. Now comes the original owner of the name and threatens to bring suit in the Alameda county Superior Court to compel the return of the appellation.

Recently, through failure to pay its state franchise tax, the firm forfeited its charter. While officers were endeavoring to regain the right to do business in California the name was incorporated by Charles Blessing of Oakland and J. H. Smith and M. G. Clark of San Francisco.

"I am acting for undisclosed principals," says Blessing. "I cannot at this time give any reason for incorporating under the name of the Henry Cowell Lime and Cement Company."

W. H. George, who is secretary of the new nameless concern, says that the appropriation of the name is a "big joke." Also, he denies the Blessing's undisclosed principals should be disclosed, and the courts will probably be asked soon to go into the matter.

The corporation owed a tax of \$1002. Officers wrote to State Treasurer Friend W. Richardson, sending a check for \$3055.10 in payment of this year's franchise tax and back taxes and asked that its charter be revived. Richardson replied that he could not, under the law, accept the check.

Then came the announcement that Blessing, Clark and Smith had taken the name for their own use, with a capitalization of \$25,000, and the capital stock subscribed by each, \$10. The original Henry Cowell Lime and Cement Company is a big corporation. It is heavily interested in Santa Cruz and Mt. Diablo cement, operates the Bay Point and Clayton railroad and the Cowell Portland Cement Company.

Sugar Man Buys Home in Oakland

James McCandless, Hawaiian sugar millionaire, will make Oakland his permanent home, it was learned today when details were made public of his purchase of the former Samuel Taylor home, one of the show places of the Piedmont hills. The residence was purchased at a price said to be in the neighborhood of \$75,000.

McCandless is one of the most important figures in the Hawaiian sugar industry. He had often visited Oakland, where the family was prominent socially.

The Honolulu magazine is the father of the late James McCandless Jr., who was killed in an automobile accident shortly after his wedding to Miss Marian Redolph, Oakland society girl.

MERCHANTS PLAN WATER PAGEANT

Fourth of July Program on Lake to Be Spectacle of Night.

Lake Merritt will be the scene of a spectacular pageant at the big July 4 celebration, which will be held in Oakland this year, according to the present plans of the Merchants' Exchange. It has long been realized that this inland body of water has wonderful possibilities for a night and day program and co-operating with the exchange will be more than 100 prominent citizens, who believe that Oakland will be advertised throughout the country as a carnival and amusement center by the holding of pageants, illuminated parades and other features on the lake. If the present plans are carried out distinctive programs will be given on the lake several times each year and special inducements will be offered to secure a large attendance from all the nearby communities.

The greatest drawing card of the Admission Day celebration held in Oakland in 1913 was the illuminated night parade around Lake Merritt and the festooning of the lake with vari-colored incandescent lights. A similar program is being given this year and in addition a program of water craft of every description will be held, with entries not only from Oakland, but all neighboring cities. Among the men to assist in the details will be C. M. Farrell of the Pacific Association of Amateur Gasmen; C. S. Gutleben, in charge of the municipal boat house; George Dickie, head of the recreation department, and many others. A special committee will be appointed next Tuesday night.

The general committee in charge of the big celebration will announce the sub-committees next week. The general committee consists of A. Jonas, chairman; Harry G. Williams, vice-chairman; Wilber Walker, secretary, and Theodore Glen, treasurer.

Benjamin Taken to Emergency Hospital

Judah Benjamin, alleged slayer of Robert Genshe, police officer, was today removed from the county jail to the Emergency hospital, where he will be held under observation of Dr. C. D. Hamlin, Assistant District Attorney James M. Koford, after several weeks of observation of the prisoner, has come to the conclusion that the man may be insane and therefore he ordered his removal to the hospital.

"If this man is insane, he should be sent to an asylum instead of the penitentiary," said Koford. "We don't want to send an insane man to prison when he should be receiving treatment."

Benjamin is alleged to have shot Policeman Genshe on February 18 at Thirteenth and Clay streets under circumstances which have never been cleared up. He was held to answer to the Superior Court and since his incarceration in the county jail has manifested signs of insanity, it is said by the authorities. In the police court he proved to be eccentric.

Girl Takes Tandem Ride; Is Injured

Mrs. Adebelle Tain, 2457 Rawson street, incurred minor injuries when she was thrown from a motorcycle on which she was riding with Antonio Workman on the Foothill boulevard yesterday. Her injuries were treated at the Melrose hospital.

Workman tried to dodge a passing street car and ran his machine into a standing automobile owned by Elias S. Watkins, 2024 Parker street, Berkeley.

BOARD TO SETTLE PLAYGROUND ISSUE

Council Asked to Make New Land at Lockwood Part of Play System.

Normal request was passed last night by the Board of Education, asking the city to set aside most of the land acquired as a yard for the Lockwood school, under the recent bond issue, for playgrounds.

This will place the expense of handling the playground work outside of the school department, and, if this action can be pursued in the larger playgrounds on school grounds, will enable the Board of Education to cut out of the playground items from the coming budget. This will prevent the recurrence of last year's trouble, when money was not allowed for school playgrounds for either city or county, and when the playgrounds were temporarily closed. The plan is to have all the larger school playgrounds under the absolute jurisdiction of the playground department. The motion was offered by director Harry Boyle and unanimously passed.

Millie College will have the finest observatory of any college in the west for its astronomical courses, as the result of the vote of the board last night, when the college was granted the use of the observatory, as soon as opened for actual work, on the same basis as the Oakland Association of Amateur Gasmen. The observatory is far better than that of the University of California, and, with the observatory, the women's college will be able to make its astronomy course one of its strongest features. The observatory is within walking distance of the college.

OAKLAND INSTITUTIONS. Director Louis Aber presented the motion. "I went out to Millie College with the Rotary Club," he declared, "and there I saw the possibilities of this arrangement. This college is really an Oakland institution, and has spread Oakland's fame, and I think it only a proper courtesy to let them use the observatory. They will accomplish big things with it."

Colonel John E. Irish filed a protest against the plan for sending an Oakland teacher to Guatemala to study educational methods in that country. Irish charges that the Guatemala school system ordered a large bill of school books from a California firm, and never paid for the books. At the present time, he said, another shipment is being negotiated for from another publisher. "Therefore," he said, "California should ignore the South American country. The protest was filed."

Bids were opened last night for the school supplies for the coming year. Where possible, Bridgman says, local bidders will be given orders.

ESTIMATES PRUNED.

Consideration of budget items was continued last night by the board until a late hour. By careful pruning of estimates and expenses, possible elimination of some of the playground expenses, and careful plan of repair and other new work, Superintendent Barker, who is drawing up the tentative plans, hopes to keep the school tax down to 30 cents. This was rendered difficult through many demands for school improvements, made by mothers' clubs and other organizations, which the board at the time promised to place in the budget. It was suggested, however, that all of these may not be allowed by the supervisors. At the same time, Barker pointed out, the supervisors will demand to know whether the city will set the rate of tax asked by the school board before viewing any item on the school budget leniently. A meeting will be held with the supervisors this month to discuss this situation and the budget in general.

Leader in Salvation Army Will Speak

Brigadier Mrs. Stillwell, head of the Salvation Army women's social work in the western territory, is visiting the Rescue Home at 5205 Harrison avenue. Mrs. Stillwell has several Rescue and Maternity Homes under her command and is making a trip of inspection in addition to conducting several public meetings.

Saturday night, May 13, at 8 o'clock, Mrs. Stillwell will speak at the Salvation Army citadel, 533 Ninth street.

At the First Methodist Church, Twenty-fourth and Broadway, Sunday afternoon at 3 o'clock, Mrs. Stillwell will speak to women only on "How We Can Protect Our Girls."

Sunday night Mrs. Stillwell will speak at the First Congregational Church, Thirteenth and Clay streets, her subject being "Social Work Among Women." The same subject will be dealt with on Monday night in the First Presbyterian Church of Alameda.

Mrs. Stillwell was one of the pioneer Salvation Army officers on the Pacific Coast.

American Artisans Needed in Australia

SAN FRANCISCO, May 12.—Uncle Sam has had to go to the rescue of the Australian government in supplying the depleted ranks of skilled workmen due to the demands of the European trenches and today eight glass blowers of American birth and citizenship applied for passports to go to Sydney on a three-year contract.

Unable to obtain in the home land substitutes for the volunteers who left their benches in the factory to join regiments sailing for the front, the Australian Glass Manufacturing Company sent an agent to this city to obtain the necessary artisans. Today the eight selected appeared before Federal Clerk Clark Calhoun for their identification papers. They are to receive \$5 a day for three years as well as having their transportation paid both ways.

To Start Extension of 22d Street Monday

Work will begin Monday on the cutting of an extension of Twenty-second street through the old James J. Moffitt property to Grand avenue. A steam shovel arrived today, to begin operations Monday. The old Moffitt property, one of the historic homes of Oakland, on Broadway, opposite the Key Route Inn, will be bisected by the new street, which will form a connection between Broadway and Grand avenue, and which will permit an extension of the Key Route lines into the Piedmont and upper hill districts.

PRATHER CASE DELAYED.

SAN FRANCISCO, May 12.—The citation directed against Samuel Prather of Oakland to show cause why he should not turn over \$500,000 worth of securities to Edson Adams, administrator of the estate of his brother Thomas Prather, brought most of the judges to the bench today. The absence of one of the attorneys, however, necessitated a continuance of one week.

Adams claims that before his death Prather turned over to his brother bonds and stocks of large value, with the result that his creditors were unable to obtain the amount of their claims.

CUSTOMS SERVICE TO CHANGE SOON

Displaced Employees Promised Other Work Under Tentative Plan.

SAN FRANCISCO, May 12.—Sweeping changes in the custom house will be made within the next few weeks by the introduction of what will be known as the ticket system, at the instance of Collector John O. Davis. The new arrangement is the result of a report by efficiency experts, who made a careful survey of the work of the entire customs service.

While it was at first believed that seventeen men would be removed, and there was much complaining at the rumors of the introduction of the new system, Collector Davis said this morning that he would attempt to take care of every one of those who would be found "unnecessary" under the new method. The ticket system will leave the work of men in the appraiser's store and the force there will be cut down. However, there is need for many more customs guards, and an effort will be made to appoint the deserving employees of the appraiser as guards in the regular customs service.

Parents Should Know This Splendid Remedy

Simple Laxative Compound Helps to Correct Constipation in Children.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used, as these agents afford only temporary relief while their violent action shocks the system unduly. Mrs. Eva P. Gaff, 611 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity. It is important that parents should know of a dependable remedy with no unpleasant after-effects, gripping

or straining. Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and can be procured at any drug store. To obtain a trial bottle, free of charge, write to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

A GOOD SELECTION.

In choosing Mr. William H. Crocker as the California member of the Republican national committee the Republicans of the State have acted in pursuance of the policy adopted when the ticket of candidates for delegates to the national presidential convention were selected by the State convention last March. That policy looks hopefully toward harmony between the voters who have remained faithful to the party organization and the voters who in 1912 elected to enroll under another banner.

It is characterized by a spirit of conciliation. The Republicans have been willing to make handsome concessions to the Progressive faction, believing that all Republicans should work together for a change of the national administration and to maintain the Republican party in power thenceforth. This spirit guided the selection of the delegates to the national Chicago convention. The older leaders of the party, because they had participated directly in the conflict that caused a division of the party four years ago, willingly stepped aside that there might be no suspicion that past bitterness survived. In their place were chosen other men of ability, patriotism and advanced ideas to lead the party fight against Democracy; men against whom no complaint could justly be made by any faction, and who were undisturbed or unhurt by the fractious charges of "standpattism" and other small epithets voiced by their opponents.

Mr. Crocker's selection as national committee-man synchronizes nicely with the general policy of party harmony, which by all means should be the spirit of the courageous fight to be waged to restore the Republican party to power. He is a man of highest standing among the valuable citizens of California and the West, regardless of political division. He will have the confidence of all Republicans and the respect of all other partisans.

The selection of Mr. Crocker may be taken as an earnest of the intention of California Republicans to conduct their party affairs in such manner that all loyal citizens will be glad to co-operate in working for their success. Every action of the party advisors since the primary campaign was opened has been an invitation to all voters to "harmonize." Affiliation has been made easy and unobjectionable to a degree to those whose higher purpose is to serve the nation by restoring governmental power to the party that has proved worthy and competent to govern.

THE NEW PARK PROGRAM.

The City Council has taken commendable action in authorizing the Board of Park Commissioners to make arrangements for the purchase of Trestle Glen and Sather tracts and three or four other new public park sites. Oakland needs the new park areas badly and the park commissioners have given the assurances that they may be obtained by appropriating funds out of current revenues without substantially increasing the tax rate. Even were it necessary to increase the tax rate we would hold to the opinion that the park sites ought to be secured to the city forthwith.

Trestle Glen and Sather tracts form the key to a magnificent chain of natural parks, and it would be palpable dereliction of official duty to permit the opportunity to acquire these sites to be lost. Oakland is far behind other cities of its class on the Pacific Coast in providing parks for its residents. As the population increases the need for recreation ground will increase, as well as land values. To take the attitude that Oakland is not going to develop as a business center and grow tremendously as a city of homes would be to deny faith in the future of Oakland. And the only way in which we can demonstrate our faith in that future is to provide against its certain demands. The new parks will mean this necessary provision.

The plans which the park commissioners placed before the City Council appear to embody a very advantageous arrangement for the city. The prices of land in the larger two tracts appear to be reasonable and lower than we may expect them ever to be in the future. As stated before, the annual payments will not raise the tax rate, as would a bond issue, providing approximately

the same amount as at present is allowed for park administration. It is a source of congratulation if the city may announce abroad that it has provided the final advantage for new home-seekers and business enterprise.

NEW BANKING LEGISLATION.

Congress is showing a disposition to lighten the restrictions now imposed upon the banking business of the country. Three bills have been passed by the House, one of them also by the Senate, permitting a little wider latitude to the bankers.

One proposed law would permit any national bank possessing a capital and surplus of one million dollars or more to purchase stock in foreign or domestic corporations, other than national banks, which are permitted to do a banking business in foreign countries. This bill is designed to enable a national bank to join in the establishment of a foreign bank and by co-operation to furnish capital to carry on business and promote the foreign trade of the country.

The second bill seeks to soften the interlocking directorate provisions of the anti-trust laws and to permit interlocking directorates under certain conditions. It provides:

That nothing in this act shall prohibit any officer, director, or employee of any member bank or Class A director of a Federal Reserve Bank who shall first procure the consent of the Federal Reserve Board, which board is hereby authorized at its discretion to grant, withhold or revoke such consent, from being an officer, director, or employee of not more than two other banks, banking associations, or trust companies, whether organized under the laws of the United States or any State, if such other bank, banking association, or trust company is not in substantial competition with such member bank.

A third bill authorizes an increase of the bullion reserve and eliminates the necessity of coining additional gold to be held as a reserve against gold certificates. As passed by the House the bill provides that the bullion reserve shall not exceed two-thirds (instead of one-third as at present) of the total amount of gold certificates outstanding. Secretary of the Treasury McAdoo recommended this bill on the ground that the coinage of gold bullion is costly and that the gold reserve might just as well be stored in the form of bars.

With the Hollis farm loan bill, which is really a land-bank bill, the present Congress is giving an extraordinary amount of attention to banking legislation, and so soon after the federal reserve bank law was enacted, too.

KNOWLEDGE AND FOOD.

An idea advanced by a student at the University of California for figuring student performances and environment in terms of food is worth consideration. Its adoption by other educational institutions may speedily come about through the sheer force of its congeniality to the student temperament.

The Berkeley undergraduate has only sketched the beginning of the idea so far. For instance, he finds that the height of the Campanile is equal to the combined length of weinerwursts consumed by the students in three days, while the spaghetti consumed in one day would reach from the student store to the "Big C" on the hill back of the campus.

These primitive examples suggest great possibilities. Instead of the English and metric system of measurements, why not calculate all distances in, say, bean lengths. How interesting would be results in the astronomy class! And the distances would be quite as comprehensible when described in beans as in miles. A different standard may be adopted for each subject the student is compelled at rare intervals to consider. He could express weight in terms of "dogs," capacity by some other object with which he has become acquainted through his alimentary canal. Some of the gayer students might record their impressions in "steins" or "cocktails," and their general progress in "joyrides."

This would be a sort of variation of the Montessori system—let the child do what it wants. It has one superior merit, however; it transfers a part of the labor heretofore supposed to be allotted to the brain to that organ of much greater capacity—the stomach. There will still have to be some mental effort on the part of students, it is true. For example, when a co-ed informs her dancing partner that he is about two and a half nut sundaes behind the music he will have to reduce that to "weinerwursts" or "macaroni," but generally speaking, the reform will be joyfully welcomed by college youth.

A few weeks ago it was recorded that Secretary of the Navy Daniels was touring the Atlantic seaboard declaring that the American navy was the second strongest in the world. Figures were then produced showing that our navy ranks a bad fourth. The general board of the navy, in a report to Congress last week, stated the situation in another way. It showed that it would require the expenditure of \$791,441,227 to put the United States navy in second rank among the navies of the world. To go into second place, we must construct six superdreadnaughts, ten battle cruisers, twenty-one scout cruisers, eighty destroyers, nine fleet and seventy-eight coast submarines, besides numerous auxiliary units. In addition, there would have to be a tremendous increase in the naval personnel to keep the navy in fighting condition. According to these figures we are a long way from second naval rank, not allowing for the progress other nations will make while we are trying to catch up with them.

NOTES and COMMENT

The attorneys in the Slaughter case, in their arguments, go to lengths that might be shortened with profit to the proprietors. But the whole case is painful.

"Why should the city purchase a park for baseball and leave children to forage for themselves?" inquires the San Rafael Independent. Well, we are no hand to argue.

And now Oakland is to have an aluminum factory. Those who want to do things are headed this way, and their pace will be quickened by recent results at the polls.

This disquieting disclosure is made by the Suckton Independent: "There is reason for a suspicion, if not more than a suspicion, that the art of friendship is dying out."

A scientist has found that we eat so much salt that cannibals do not care to eat us. "Who wants to be eaten by a cannibal?" pertinently inquires the Sacramento Union.

Congressman Baker's bill, imposing a fine upon those who swindle in public land transactions, ought to become a law. Swindling is easy there, and generally goes unpunished.

This thing is serious to towns located right on the line, as El Paso. The mobilizing of troops and the mounting of guns in many such places bring the fact home to us at a distance.

"There is a growing feeling," according to a San Francisco announcement, "that we must now begin to cut expenses." This sentiment is sure to have many reverberations in other places.

Thomas A. Edison, the great impressive figure of the age, is to march in the New York preparedness parade tomorrow. It is not necessary to say that he will be one of the most notable features of it.

If the pastors can be of any help to the officials their interjection in the police fight will be justified. The situation is not likely to be ameliorated, however, by merely denouncing one side or the other.

Some who haven't had a close appreciation of the passing of time will be interested in the statement that several survive who participated in the driving of the last spike, completing the first transcontinental railway. It was forty-seven years ago.

It is an interesting fact that the largest operator in that lowly but necessary vegetable, the spud, is a Japanese, whose transactions are generally expressed in six figures. The "potato king" is a lubber potentate, but a considerable one, indeed.

The first peaches of the season have been shipped. The first fruits of all kinds find their way East, where the winter season is still so near as to make such products more of a luxury than with us, and hence commanding a higher price.

A despatch from New York is to the effect that progressives will not insist upon the nomination of T. R. If some other "who stands for progressive principles" is chosen. Colonel Perkins says they will be reasonable. All right. The reunion is complete. Real Republicans never had it in mind to be anything else.

The Chico Enterprise, right in the belt and presumably fed up with oil, noting that the promoters of Olive Day request the word "planted" be enshrined and "processed" used in its place, says: "The latter may be right, but it suggests those immense jars of enshrouded fruit that for twenty years in California have graced and disgraced exhibitions, big and little."

The peach people have "made it," and they have our best wishes. It was a tough job, and the energetic men who worked so hard and patiently to put the association on an operating basis deserve the thanks of the community.—Fresno Mirror.

OHIO NOT FOR FORD.

Notwithstanding the great "secret campaign" waged on his behalf just before the primary, Henry Ford received a total of only 101 votes in 55 essentially rural counties in Ohio.

It is a habit with some city men to sneer at the political intelligence of the Ohio farmer. It is a fact that the latter has perpetrated some legislative outrages on the cities of the State. As a general thing, however, the Ohio farmer believes in justice and common sense; he is right more often than he is wrong; and he assuredly has sense enough not to "fall for" this Henry Ford nonsense—the supreme political idocy of our time.—Cincinnati Times-Star.

WILL SUIT OF COUNT TO BE REOPENED

On the statement that new evidence, said to be of startling nature, is to be introduced into the case, the suit of Count Karl Raentzsch, claimant to a share of the million-dollar estate of the late Robert B. Armstrong, is to be reopened. The count, who has been living in Oakland since his wife's death, is suing his mother-in-law, Mrs. Lydia Armstrong, alleging that his wife's will, cutting him out of her estate, was the result of undue influence, and holding also that a deed, transferring property to his mother-in-law, was improperly signed.

The will case is being tried in San Francisco, while a guardianship suit, in which the count seeks custody of his four-year-old son, Carl Rupert Raentzsch, is being heard in Fairfield.

Mrs. Armstrong declares that the count is in arrears in his hotel bills in Oakland, that he pawned his wife's jewelry, and charges other instances of financial trouble.

Mrs. Raentzsch left \$100,000 in trust to her mother and two sisters for her son, this being a share of the Armstrong fortune. During the fight Raentzsch has figured in a number of sensational cases. He had a private detective, hired by the Armstrongs, arrested for following him.

Mrs. Raentzsch had obtained an interlocutory decree of divorce before she died.

Trackwalker Braves Death to Save Train Removes Velocipede From Rails; Is Struck

VALLEJO, May 12.—Demetrius Pantagos, a Greek trackwalker for the Southern Pacific Company, is at the general hospital here, fighting for his life, having been struck by a northbound Santa Rosa passenger train from a velocipede at Floden, near here. Pantagos stood on the track in the path of the speeding train, working against time to remove a power-driven velocipede from the rails. He succeeded in lifting the machine from the track, but was himself struck by the train and probably fatally injured.

Pantagos was driving the track velocipede toward Vallejo and sought to make the siding at Floden, there to wait the passage of the train. He miscalculated the distance, however, and the train was upon him before he could open the switch. Fearing that the train might be derailed and many killed and injured in an accident should the engine collide with the big velocipede, Pantagos jumped from his car and began to tug at the heavy vehicle.

The train was upon him, but he would not leave the velocipede to save himself. Just before the roaring engine reached the spot, he saw the vehicle from the rails with a final effort, but was himself too late to jump from the roadbed and was struck by the pilot. He was scalped by a blow on the head and his entire right side is paralyzed.

HAS COPPER MINE BACK OF OAKLAND

Mining in the hills back of Oakland will be resumed for the first time in more than thirty years with the discovery by Isaac Ury of San Leandro of a rich bed of copper in an old gold working near Lake Chabot. Ury was present when the old miners opened up the mine. As the old miners were in search of gold in these days and copper was of much less value than at present they abandoned the mine and later discovered a rich gold vein near Mount Diablo. Their San Leandro mine was covered in and its presence forgotten.

Then copper commenced to soar and Ury, who was a resident of San Leandro when the gold seekers opened the shaft, remembered of their disappointment when they came across only copper. He uncovered the shaft and after working two days discovered an exceedingly rich bed of copper.

Wilson Sails Down Potomac for Week-end

WASHINGTON, May 12.—President Wilson left this afternoon for a week-end trip down the Potomac on the yacht Mayflower. He expects to return to the capital late Sunday or Monday morning.

The lecture, which will be open to the public, will begin at 2 o'clock.

Dr. Edwin Harvey Hadlock will address the Oakland Short Story Club in Golden West Hall, Pacific Building, Sixteenth and Jefferson streets, Saturday, May 13, on "Efficiency in Expression—How to Write a Salable Short Story."

Dr. Hadlock is the author of several books bearing upon the practical side of the writer's art and has taught story-writing to thousands of students in different parts of the United States during the last ten years.

The lecture, which will be open to the public, will begin at 2 o'clock.

GRANDCHILD SUES TO SET WILL ASIDE

She Alleges That Daughters Influenced Dairyman in Making Bequests.

SAN FRANCISCO, May 12.—Undue influence on the part of two daughters who were close to their father during the last years of his life, is charged in a contest brought this morning in the estate of George Smart, a wealthy dairyman who was killed last May when his truck horse reared and threw him.

The contestant is Marguerite Evelyn Smart, a granddaughter, who brings the suit through her mother, Mrs. Myrtle W. Smart. She alleges that Florence A. Smart, the daughter with whom Smart lived, and a second daughter, Mrs. Edna Frances Sherman, who was a frequent visitor at the home, influenced him in the making of his will, inducing him to favor them. The estate is valued at \$100,000.

CHICAGO, May 12.—The demand for accommodations during convention week beginning June 7, it was learned today, has so exhausted the supply of rooms in Chicago hotels that many visitors will live in private homes, in some cases entire houses being rented to care for parties from other cities.

The first person to take this step to secure accommodations was John Wanamaker of New York and Philadelphia, who has taken a house of fourteen rooms on Michigan Boulevard for himself and party. Others immediately followed suit, and it is said that the rental in some cases amounts to more than \$100 a day.

William F. Stone, sergeant-at-arms of the Republican national convention, established headquarters in the coliseum annex today.

Headquarters for the Progressive national convention will be opened here in a day or two, it is said, with E. P. Corrick of Omaha, state chairman for Nebraska, in charge.

Quality Clothes for Boys

BOYS of today are as particular as their fathers and big brothers in matters of dress. They are quick to see and appreciate good style in clothes.

Our boys' garments are as smart and distinctive as those we sell their elders. They give boys that comfortable 'well-dressed' feeling that good clothes always require.

Good style is only one of the attractions of our boys' clothes. Careful parents are invited to investigate the unusually sturdy quality of the garments and their moderate cost.

We are particularly proud of our

LEAVENWORTH, Kas., May 12.—Sergeant James C. Jackson and Miss Ernestine Brown, 22 years old, were killed and an unidentified woman was severely wounded this morning by William White, a negro, who had purchased his release from the army mounted service school at Fort Leavenworth, near here. White escaped across the Missouri river in a row boat.

Sergeant Jackson, who was attached to the mounted service school, was killed at the school's stable. White first shot the unidentified woman, who is known only as "Minnie." She was shot through the arm. Miss Brown was shot and killed nearly two hours later at the quarters of Lieutenant Brown, where she was at work.

Harold Elliott's quick wit in taking advantage of a battery miscue enabled the Oaks to secure an undesired victory over Salt Lake yesterday, 2 to 1. "Speed" Martin was credited with his seventh victory of the season and the home folks were given a chance to cheer just when it looked as though Old Man Gloom was about to take up his residence among us. The game was a splendid pitching duel between Jack Warhop and Speed Martin, and the boys might have been out there battling valiantly had it not been for a peculiar play in the eighth.

Midfielder opened up this inning by working Warhop for a pass, and then Warhop was hit in the ribs. With two on and none out Warhop wasted no time and threw out Gardner with three strikes. The next pitched ball out to the plate and was called a strike, but Speed Martin was just quick enough to catch the ball and throw it back to the pitcher. The ball was deflected and rolled to the grand stand. Hannah started arguing with umpire Doyle instead of chasing the ball. Elliott was the first to appreciate what had happened and to note that Hannah did not intend to go on. The little Oakland leader waved his hands frantically to the men on base and they began to move forward. Before Hannah could get to the plate, Warhop had thrown the ball. Midfielder scored from second and Warhop reached third.

Gardner finally walked. Elliott popped out and then Barry hit to short, and Orr made the mistake of trying to catch Barry at the plate. The throw was wide and left. Barry and Warhop easily beat it. The next two men were out, ending the inning without further damage, but the game was won and lost right there.

Considerable argument resulted over the question of Warhop's responsibility for those runs, but to anyone who knows the scoring rules, the situation was plain. Eliminating the passed ball, for which Warhop was clearly not responsible, there still were two walks and a hit, bases on which would have filled the bags anyway, and Midfielder would have scored on Barry's hit to short. Therefore, Warhop was responsible for one run and not the other.

The Seals got their first run in the fourth, when with one out, Zach dropped a single in right field, which Gardner reached, but could not hold, nearly turning a somersault in the attempt. Briefly, Gardner to Davis got through the shortstop's legs, and when Ryan singled to center, Rath scored.

Reading the Green

The Angels got home a stride ahead of the Vernon Tigers in a madhouse game. There were twenty-six hits cracked out during the long afternoon and both sides made assorted errors in large numbers and eleven free passes on balls were distributed by the generous heavies.

Several batters were also hit by pitched balls and it was just one horror after another.

Shortstop Hollocher juggled the ball when he had a chance to retire the Seals in the second, and the Seals slugged over two more.

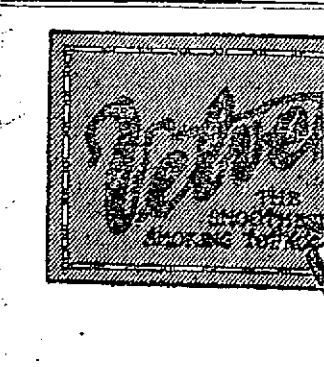

Portland fans feel real happy about the Seals' position in the league whenever they stand on their heads and read the league line up that way.

With one exception, the ninth Lajole, Walsh and Puck got hits, winning for Philadelphia over the Tigers.

Chalmers, an erstwhile Federal Leaguer, did the cantonading for the Tigers, and out-pitched Faber of the White Sox 20 New York won.

Chalmers, the winning run for the Red Sox against Cleveland last night, made a foul ball in his territory after it had wandered all over the field.

Fabers lost to the Giants on an error by Hans Wagner.

RESULTS YESTERDAY.
At Oakland—Oakland 2, Salt Lake 1.
At Portland—San Francisco 4, Portland 1.
At Los Angeles—Los Angeles 8, Vernon 1 (ten innings).

Reading the Green

The Angels got home a stride ahead of the Vernon Tigers in a madhouse game. There were twenty-six hits cracked out during the long afternoon and both sides made assorted errors in large numbers and eleven free passes on balls were distributed by the generous heavies.

Several batters were also hit by pitched balls and it was just one horror after another.

Shortstop Hollocher juggled the ball when he had a chance to retire the Seals in the second, and the Seals slugged over two more.

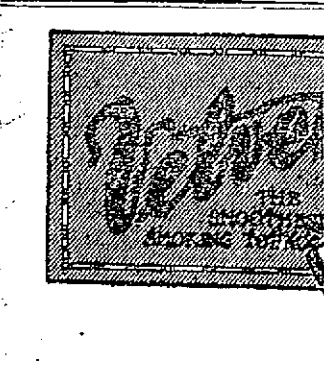

Portland fans feel real happy about the Seals' position in the league whenever they stand on their heads and read the league line up that way.

With one exception, the ninth Lajole, Walsh and Puck got hits, winning for Philadelphia over the Tigers.

Chalmers, an erstwhile Federal Leaguer, did the cantonading for the Tigers, and out-pitched Faber of the White Sox 20 New York won.

Chalmers, the winning run for the Red Sox against Cleveland last night, made a foul ball in his territory after it had wandered all over the field.

Fabers lost to the Giants on an error by Hans Wagner.

Baseball Boosters Prove
They Are Game Sportsmen
Redouble Energies to Make Oaks' Ball an
Inspiring Affair

Proving that if nothing else they are dead game sports, the committee of Oakland baseball fans in charge of the arrangements for the Oaks' ball to be held on the night of June 1 is going right ahead with the plans for a monster affair at the Municipal Auditorium. The business men of Oakland are getting right behind this movement to boost baseball in Oakland, and are putting their hands to the pump in the pockets of the city. The committee is firm in the belief that the fans feel the same way about this peculiar slump, and it is likely to hit any club, and all arrangements call for a full auditorium on the night of June 1.

FOR PENNANT FUND.
The hall will be a benefit for the "penalty fund" which has been hung up for the Oaks and it is expected that the affair will bring the amount in the fund up to the promised \$4000, which has been pledged to the Oaks in case they manage to win the Pacific Coast League flag this season. The Oaks this year are the most likely looking bunch that has represented the city in years, and are capable of putting up a winning brand of baseball, according to the opinion of the boys along Broadway, and every one of them is out boosting for the affair that will hang up \$4000 before the eyes of the baseball players representing our city. The business men of Oakland have contributed well toward the \$4000, and now the citizens will have a chance to put in their share, and at the same time enjoy a monster affair, where the money contributed will be well spent for pleasure.

BUSINESS BOOSTING HARD.
Bush ball players, particularly, are getting behind the Oaks' ball for all they are worth. Doc Mocking is the veteran player and umpire, is leading the campaign among the semi-pro players of Alameda county, and among the hundred and more teams playing baseball here there is sure to be a big representation. Leaders of bush baseball on this side of the bay have already come to the front in the ticket sale. John P. Maxwell, the hardware man and prince of green fellows among the buyers, purchased the first box for the affair, Frank Woodward, also prominent among the buyers, has also come to the front and will have his Great Western Power lamp in a box. The seat sale has commenced already, and a booster will be on every bush lot next Sunday.

SHINE IN MAJORSJack Ness Only Graduate Who
Has So Far Been Turned
Down.

The Pacific Coast league stars who went up to the big league in the draft or purchased last winter are experiencing the greatest season yet. All the youngsters, with the exception of Jack Ness, first base star, have made good in the upper major, much to the joy of the big league managers.

Johnny Johnston, last year's Oakland star, is being used in the center Brooklyn garden against left-handed pitchers these days. Jimmie is getting by with this difficult task quite cleverly and major league clubs who had occasion to watch him in action when he was a Cub two years back state that he has improved wonderfully.

NO TRACE FOUND PAYROLL ROBBERS

Money Taken From Store in Randsburg Still Loot of Cracksmen.

SAN BERNARDINO, May 12.—No trace of the bandits who escaped with \$20,000 in gold, currency and checks from the Randsburg general store was reported by pursuing posse this morning. Sheriff McMillan expressed the belief that two men instead of one did the safe cracking job. It was stated that the money taken was not part of the Yellow Aster mine payroll.

CONTESTED TRACT IS RICH IN GOLD

Expert Says Dredging Land Contains \$15,000 an Acre.

MARYSVILLE, May 12.—In the suit brought by the Yuba Investment Company against the Yuba Consolidated Goldfields Company, here James K. O'Brien, original owner of the 1633 acres involved in the suit, and a witness for the plaintiff, testified that the gross returns in gold to be secured from dredging the land had been estimated by engineers at \$15,000 an acre, or \$24,585,000 for the entire tract.

Some of the land panned as high as 20 cents a cubic yard. The gold-bearing gravel extends to a depth of 65 feet.

1917 CONVENTION TO GATHER HERE

State Sunday Schools Vote to Send Delegates to Oakland.

Oakland has won the 1917 state Sunday school convention. This was the news brought back from the big session in Fresno by the Alameda county delegation, which waged a spirited fight on the floor of the meeting last night. The vote for Oakland at the end of the content of the delegates was almost unanimous. The big session closed last night with a number of banquets by the various Sunday school organizations interested in the work and several Oakland speakers, including Rev. Francis J. Van Horn, Professor C. E. Rush of the University of California and others were heard in the closing session. The Fresno convention was the largest ever held by the Sunday school organization in the state and next year's session in Oakland is expected to be a record-breaking gathering.

DELEGATES COMING HOME.
The Oakland delegates to the session will arrive home for the most part this evening, remaining over after the banquets of last night and catching day trains, although several came in today, on the night train. The final work was in the nomination of committees for the coming year. Harry Morton of Oakland was chosen for the general board, and Rev. Levi Gregory and C. S. Morse, also of Oakland, will fill places on the organization. F. M. Greenwood and Rev. Gregory were also named on the central committee.

Rev. Paul Smith of San Francisco was the principal speaker of the closing session, and the feature of his address was the urging of motion pictures in the Sunday schools as a new method of teaching the students their work, and also supplying a feature that would prevent distraction of mind by the regular "movies." Dr. Van Horn, Prof. Rush and Rev. G. W. Brewster of San Francisco were also among the speakers.

There were 1200 delegates registered at the convention, 65 of whom were from out of town. Albert Lelsure of San Francisco presided.

COMMITTEES.
The new committees for the Oakland convention include the following: Committees were named today as follows: Central committee, A. N. Fritz of San Francisco, chairman; Rev. Levi Gregory of Oakland; F. M. Greenwood, Oakland; H. W. Webster, San Francisco; Albert Lelsure, Berkeley; Silas W. Macle, Pacific Grove.

Members of the executive committee, which with the officers will constitute the general board, were chosen as follows: H. Morton, Oakland; J. J. Eymann, Berkeley; H. A. Waller, Fort Bragg; N. N. Feltus, San Francisco; Rev. L. S. Woodruff, Stockton; Rev. W. C. McDonald, Santa Cruz; Rev. B. D. Hayes, Watsonville; C. S. Morse, Oakland; Rev. Levi Gregory, Oakland; George D. Kellogg, Newcastle; J. C. Adriano, Napa; J. C. Ahrens, Stockton.

Adrift on Ocean in Leaky Boat; Near Death

MONTEREY, May 12.—C. H. Lawson, 65, former secretary of the Watsonville Merchants' Association, escaped death yesterday from drowning when he went for a row in a leaky skiff near here. A party of rescuers heard wild cries for help half a mile at sea and put out in a launch. They found Lawson frantically trying to bail out the boat, which was rapidly filling. He explained that he merely felt a desire for rowing at night and selected a leaky boat by chance. Lawson was exhausted when found.

12 to 15% Extra Weight

When you buy your next tire make this simple test. Let us weigh a Michelin Universal Tread in comparison with any other non-skid of the same size. You will find the Michelin 12 to 15% heavier than the average, the exact percentage depending on the size of the tires used in the test.

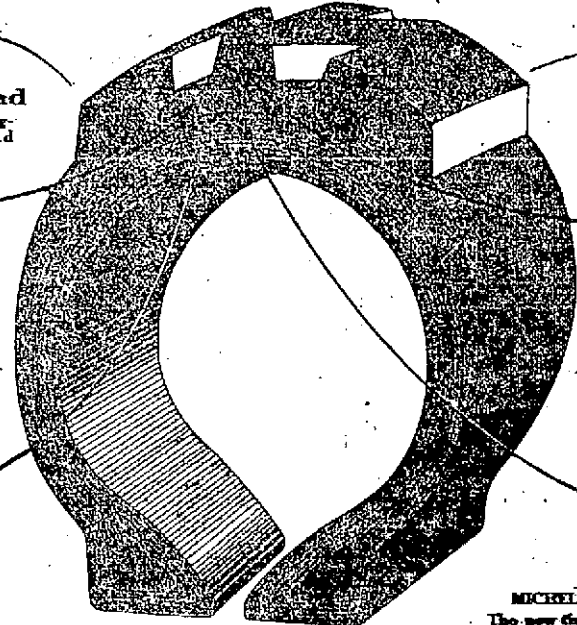

This extra weight represents extra rubber and fabric, which means extra service.

Examine the above cross-section of the Michelin Universal Tread—or better still let us show you a cross-section of the tire itself. Notice the remarkable thickness of rubber, the numerous plies of fabric, and the double breaker-strips—all evidences of superior durability.

As a conclusive test, and in justice to yourself and to us, try just one Michelin Universal Tread casing in comparison with other makes, keeping record of the extra mileage that it gives you. Once you make this test we feel sure that you will use Michelines exclusively.

FLORAL DECORATIONS BY H. M. SANBORN COMPANY.

Mrs. Vaughn's Special Recipes:

As announced by Mrs. Vaughn, the recipes for Apple Sauce Cake, Delmonico
Pudding and Grape Fruit Salad demonstrated by her today at The TRIBUNE
Better Foods Better Homes School, is given below, together with some other in-
teresting recipes submitted by her.

APPLE SAUCE CAKE.
1/2 cupful crisco.
1/2 cupful sugar.
2 eggs.
1/2 cupful flour.
1 teaspoonful cinnamon.
1 teaspoonful allspice.
Cream crisco and sugar. Add eggs without heating. Gift dry ingredients and
add alternately with the apple sauce, with which the soda has been mixed. Add
nuts and raisins last. Bake in layer tin.

FILLING FOR APPLE SAUCE CAKE.
1 egg white.
Crisco.
Place egg white in cup and fill with creamy crisco. Add salt. Place mixture
in bowl. Add sugar until stiff enough to spread.

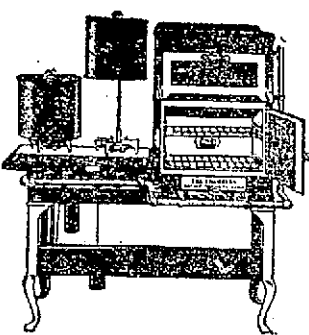

DELMONICO PUDDING.
2 cupful milk.
2 eggs yolks.
1/2 cupful sugar.
2 tablespoonful Knox gelatin, soft-
ened in 1/2 cupful cold milk.
Crystallized cherries.
Heat 2 cupful milk to the boiling point in double boiler. Beat the yolks of
eggs very light and beat into them the sugar; add this to the hot milk and cook
until the custard coats the spoon. Take from the fire, add gelatin, which has
been softened in 1/2 cupful of cold milk. Add vanilla, and cherry wine and let
cool. Beat the whites of eggs stiff and fold into them the whipped cream. When
custard begins to set, fold into it the cream and whites of eggs and put into a
mold. Mold with alternate layers of broken macaroons and crystallized cherries.

GRAPE FRUIT SALAD.
1 cupful boiled dressing.
Pulp 8 grape fruits.
Soak gelatin in 1/2 cupful of water. When soft add to lemonade and bring to
boil. Chill and when it is beginning to congeal add the grape fruit pulp and the
boiled dressing. Put in crispd molds and pack in ice and salt for 3 hours.

JAPANESE FRITTERS.
12 strips dry bread.
2 eggs.
1/2 teaspoonful vanilla.
Cut bread 1/2 inch thick, 1 inch wide and 4 inches long. Beat eggs slightly, add
vanilla, milk, salt and sugar. Lay bread strips in mixture until they have ab-
sorbed it, drain, roll in breadcrumbs and fry in deep crisco hot enough to brown
a crumb of bread in 40 seconds. Serve with maple syrup.

FLUFFY BOILED.
1/2 cupful granulated sugar.
1-3 cupful boiling water.
Melt sugar in boiling water, stirring until sugar is melted. Wash down the
sides of the sauceman to remove grains of sugar, cover and let boil for 2 minutes.
Uncover and boil to 240 degrees F. Beat the white of the egg quite light, pour
slowly over the syrup, beating constantly. Use when cool enough to hold its
shape.

That is More Than
a Breakfast Food

Germea is more than nutri-
tious. It is made from the very
"life" of the wheat.

Germea is more than delicious.
No one has yet succeeded in
describing by word or picture
the deliciousness of Germea.
It's in the taste. Try Germea
once and you'll know.

You get some idea of the good-
ness of Germea when you
realize that but two per cent of
the wheat selected is utilized in
its production. In other words
one hundred pounds of wheat
makes but two pounds of
Germea.

Try This Sperry Recipe

Germea Bread
1/2 cup milk
1/2 cup water
1 cup Sperry Whole
Wheat Flour
5 tablespoonfuls Germea
1/2 cup sugar
1/2 cup butter
1/2 cup salt
1 cake compressed yeast
Soak milk, add Germea, cook 5 minutes. Cool to lukewarm, add all other materials, let rise two hours.
Add white sugar to handle, let rise 1 1/2 hours. Mold
and let rise 1/2 hour. Bake 45 minutes.

All Grocers sell Germea in the

TRADING UNCERTAIN
IN NARROW LIMITS
Pool and Clique Operations in Full Swing
With Pronounced Effect

NEW YORK, May 12.—Trading ebbed and flowed within narrow limits, unaffected by overnight developments.

The conclusion of the border conference perhaps deterred the public from participating and enhanced the professional character of the market.

Pool and clique operations were in full swing with pronounced effect in some specialties.

The volume of trading was large with the week and settling of accounts and short covering.

Canadian Pacific and New Haven continued to lead the rails, while motors featured the specialties.

Cruella and Baldwin were added to the long list of active issues in the final hour, prices in general being at their best. The closing was strong.

AMERICAN STOCKS IN LONDON.

LONDON, May 12.—American securities developed strength with a pool built up chiefly in Canadian Pacific, Missouri Pacific, Missouri, Kansas & Texas.

PROFESSIONAL COMMENT.

Clark, Childs & Co.—It is figured by some of the conservative men of the stock exchange that the price of wheat is delivered in the second quarter may easily be nearly \$5 a ton higher than in the first quarter.

New York Financial News Bureau.—Mexican developments suggest the approach of a crisis, professionals are expected to be active.

GAS FUMES KILL SLEEPING PAIR

Lumber Jacks Forget to Turn
Jet and Are Found
Dead.

SAN FRANCISCO, May 12.—A vacation trip to San Francisco for the purpose of spending some of the fruits of long labor in the Tuolumne forest, proved fatal for two lumbermen who were found asphyxiated in the Polson hotel, 317 Polson street this morning. Both men had been over the corktail route last night and when they returned to their room at midnight it is presumed that they failed to turn off the gas. This morning Mrs. A. Calmel, the manager, found them dead. They had not registered but from papers on their persons they are believed to be Charles Boyle and William Carroll both about 40 years old. Boyle formerly worked for the Hercules Powder Company at Hercules.

Brave Mother Dies in Saving Children

KINGMAN, May 12.—Mrs. George R. Davis, aged 49, wife of a cattle man, and two of her eight children were burned to death yesterday in a fire that destroyed her home at Hackberry, twenty-six miles northeast of here. Mrs. Davis had rescued six of the children and returned into the house for the other two—one a month-old girl and the other a 4-year-old boy—when the roof collapsed.

Man Bound and Is Left Helpless He Believes Prank Was Black-Hand

REDDING, May 12.—William Phillips, saloon man, believes today that he was a victim of the Black Hand last night. Going home from business at a dark corner a man poked a revolver in his face while another threw a sack over his head. Then they led him two miles down the railroad, knocked him senseless and bound him hand and foot with wire.

Giant Radio Not to Be Used for Months

SAN DIEGO, May 12.—The giant \$300,000 naval radio station at Cholla Heights east of this city, the great strategic link in the radio communication with the canal zone, will not be put into commission until September 1, it was learned today.

According to Civil Engineer Samuel Gordon, U. S. N., in charge, a delay in fulfilling electrical apparatus contract will hold up work on the station for the time being.

WOMEN DEMOCRATS INSTALL OFFICERS

Have Luncheon and Hear Ad-
dresses by Prominent
Members.

With Mrs. F. G. Harrison as the new president, plans are being rapidly completed for an active year by the Women's Democratic Club of Alameda County, which met yesterday at the Key Route Inn for a luncheon and installation of officers. The women heard several addresses on national issues, and were urged to support Wilson during the coming campaign. They were also told of the work of the party in other states.

The new officers, installed yesterday, are: President, Mrs. F. G. Harrison; first vice-president, Mrs. Carrie L. Hoyt; second vice-president, Mrs. L. C. Fraser; third vice-president, Mrs. Mary Lambert; fourth vice-president, Mrs. J. C. Perry; fifth vice-president, Mrs. Porter Mellett; recording secretary, Mrs. J. P. Montgomery; corresponding secretary, Mrs. W. H. Kelley; field secretary, Mrs. Edgar L. Ormby; treasurer, Mrs. T. J. Klink; financial secretary, Mrs. Loretta Kelly; and historian, Miss Sarah Brennan.

Board of directors—Mrs. R. A. Mo Coub, Mrs. Nora Resmussen, Mrs. A. T. McDonough, Mrs. M. C. Benjamin, Mrs. H. C. Chiles, Mrs. A. C. Humphrey and Mrs. J. B. Thurber.

BONANZA FOUND. JACKSONVILLE, May 12.—Fourth Jacksonville, Fla., comes news of a rich strike in the McCormick mine, owned by Andrew McCormick of Jacksonville. Quartz ore, so rich it is almost pure gold, is being taken from an eight-foot vein. Great secrecy is being maintained regarding the extent of the vein.

LOVE TRAGEDY TO BE FILM STORY

Tribune Feature Photo-drama
"The Tight Rein," to Be
Released.

The story of an iron-willed father, the impulsive son, and the remarkable sequence of events hinging on their psychological conditions, forms the basis of the gripping story "The Tight Rein," one of the episodes in the wonderful photo-drama "Who's Guilty?" now being published in THE TRIBUNE. This story will be released in next Sunday's TRIBUNE magazine.

The pictures are being shown in local theaters as THE TRIBUNE is publishing the story.

The audience, as in "The Puppets of Fate," is once again left to determine who among the leading characters is most to blame for the disaster that comes upon them—the general idea that underlies the whole "Who's Guilty?" series.

HOLDS INTEREST.

There is no question that "The Tight Rein," which firmly holds the interest throughout every moment of its two reels, will give audiences something to talk about after they have seen it. It created discussion among the professional reviewers and exhibitors who saw it yesterday and their curiosity concerning the characters in a photodrama is generally not easily aroused. The picture will probably create still more animated and diversified talk once it has been seen by the public generally.

"The Tight Rein" gives exceptional opportunities to Miss Anna Nilsson and Tom Moore who are featured throughout the fourteen scheduled dramas of the series. Miss Nilsson has the role of a factory girl who encounters a hard fate when her employer discovers that his son has fallen in love with her. The blacklist drives her from her home and she faces still worse at the hands of the kind when she finds refuge in New York.

In her leave-taking of the man she loves, in her varied experiences in the city and in her final reunion with him who has always held his place in her heart, Miss Nilsson, as the factory girl, displays sufficient reasons for her having been called "the girl of a thousand emotions."

MOORE AT ADVANTAGE.

Mr. Moore is equally forceful in his handling of the several strong, climactic situations that fall to his share in the role of the mill-owner's son who leaves his hard father and also goes to the city. The scenes between him and his father are excellently done, as well as the scenes later in the picture when Moore finds his sweetheart and tries to make amends to her for the unkind treatment that fate has given her.

The action leads to a striking denouement that it would not be quite fair to reveal. It is enough to say that it leaves the audience wondering who was the most guilty—the iron-willed father for "The Tight Rein" with which he sought to drive his son; the girl who was not strong enough to withstand the will of the world; or the actual agent of fate?

There are many strikingly interesting features to the picture, such as the actual showing of the silk mill in operation. The photography is excellent and the direction full of those little touches that add so much to the effectiveness of a photodrama.

MAN AND WIFE ARE MURDERED IN BED

Italian Couple at Murphysboro
Found Strangled in
Home.

MURPHYSBORO, Ill., May 12.—Genze Pecoraro, prominent in the Italian section of this city, and his aged wife were found murdered in their home yesterday.

Both had been strangled and their necks broken. However, or blackmail is supposed to have been the motive. Two vicious dogs, customarily chained near the front door, were missing. Three hundred dollars in a trunk and \$12 in a sack secreted in the old man's bed were not missed. A number of cigars were found in the room, although Pecoraro did not use tobacco. They are supposed to have been dropped by the murderer or murderers in making their escape.

Orpet Receives Many Love Notes Accused Student Target for Writers

WAUKEGAN, Ill., May 12.—William Orpet, charged with the murder of his sweetheart, Marian Lambert, and who goes on trial Monday, was first annoyed at the scores of love letters he received from unknown girls, but today he is beginning to regard the daily flow of billets doux as a diversion.

Scores of strange young women have written, protesting undying affection for him and strong belief in his innocence. Marian Lambert's mother is very ill and is suffering from a nervous breakdown brought on by sorrowing at her daughter's death. She maintains that Marian was murdered and that her relations with Orpet were innocent.

Thin Men and Women

Here's a Safe and Easy Way by Which You May Gain 10 Pounds or More of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are hard to say: "I can't understand why I do not get fat; I eat plenty of good, nourishing food. The reason is just this: You cannot get fat no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste."

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, thin man's body and build them up. The thin man's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food.

A splendid way of working to overcome this painful waste of flesh building elements and to stop the leakage of fat is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point.

Osgood Bros. Drug Stores, Oakland, and other good druggists have Sargol or can get it from the wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.
